

## CARS TO RUN TO LISBON BEFORE COLD WEATHER

Contracts Have Been Let For Construction of  
Youngstown & Southern Elec-  
tric Railroad.

### WORK STARTS IN MAHONING ON MONDAY

At a meeting of the directors of the Youngstown & Southern Railroad company held in Youngstown yesterday morning at 10 o'clock, the contract for the construction on the third rail system of an electric railway from the latter city to the Ohio river at East Liverpool, was let to Patrick Joyce, John Fawcett and Veeder Heasley, all of Youngstown.

The contractors had made a combination bid and the entire contract was let to the Youngstown parties, who will in all probability divide up the work, and push it to completion as soon as possible. The contract was to have been given out several days ago, but owing to the fact that several of the bidders were not familiar with the specifications, no bids were accepted, all being considered too high. Yesterday the competing firms were in possession of all the details and no difficulty was encountered.

The bidders were Bracey & Co., Chicago; Winters & Co., Butler; Hill & Son, Pittsburg; Datson & Gray, Youngstown; and the Detroit Construction company, represented by a man named Wilhelm. The firm of Hill & Son, of Pittsburg, is now engaged upon a large contract for the Mahoning Valley railway near Youngstown, and

it was thought they would be successful in securing the contract since they had a great quantity of the materials and apparatus on the ground at the present time. The Mahoning county contractors secured the important job, however, and work will be commenced soon.

It is said the provisions of the contract will make it necessary for the contractors to start the work on or before June 15. This will allow but a very short time in which to make preparations, but makes it absolutely certain that the promoters of the road are in earnest and mean to lose no time in putting the line in shape to be operated.

A start will be made at the Youngstown end of the route. The company had several good reasons for this, the principal one being that the northerly terminus is the most logical from a financial point of view. It has been stated before that the Youngstown & Southern would be a three rail system and that it was the intention of the projectors to not only carry a vast amount of freight, but that several coal fields on the route would be opened up and the minerals underlying transported to the market by

## FELL IN THE RIVER AND WAS DROWNED

Mrs. Emma Campbell's Tragic  
Death at Lock No. 1  
in Pittsburg.

### BROUGHT HERE FOR BURIAL

The remains of Mrs. Emma Campbell, who was drowned in the Monongahela river at Pittsburg early Thursday morning arrived in the city on No. 41 this morning and were taken by Undertaker Miller to the home of her mother, Mrs. Belle Woods, Pickel street, West End, from where the funeral services will take place tomorrow afternoon at 2 o'clock, the Rev. Dr. Pratt conducting the services. Interment will be made in Riverview cemetery.

Mrs. Campbell was at one time a resident of this city. She left here years ago and married W. S. Campbell, who is now working at Jeannette, Pa. To them was born one child, a son, James, who is living in the city with his grandmother. A few years ago Mrs. Campbell secured employment as a cook on a steamboat and at the time of her death was in the employ of a towboat company. The boat on which she was working had been out on a trip. As was her custom when the boat arrived at Lock No. 1, she left the boat and started to her home in the Smoky City. While walking over the big gate of the lock she tripped in some manner and fell headlong into the river.

The terrible accident was witnessed by a number of employees of the boat and lock and they did all they could to save her, but she sank from sight and they could not get her body until daylight. The remains were first removed to her home and her relatives in this city were notified. They at once ordered the remains shipped here.

The deceased leaves besides her mother, son and husband, a sister, Miss Alice Woods, of this city. She was highly respected by all who knew her and the news of her untimely death was a shock in the community.

Over \$700 for Distribution.

Lisbon, June 13.—(Special)—Benjamin Willis, executor of the estate of John Willis, late of West township, has been ordered to pay to creditors of the deceased, whose claims have been allowed under insolvency proceedings, a 50 per cent dividend. Funds aggregating \$783.53 will be distributed.

abundant means to develop the site. He has his plans, but beyond a few meager facts gathered yesterday he could not be induced to disclose his intentions. The property lies at the corner of Fourth street and Mulberry alley. It runs to Church alley on the south. The lot is a large one and is especially adapted to the purpose to which Mr. Moore expects to devote it. Within a few weeks it is the intention to begin the erection of a handsome brick building on the site, and when it is completed an up-to-date undertaking and livery business will be opened in the new structure.

Mr. Moore is an enterprising business man, and being possessed of sufficient means to carry out almost any project he may take up, will be an addition to the city which cannot help but be appreciated. The gentleman intimates that he has other interests in this city, and expresses himself as being pleased with the future of the city from a financial standpoint. The transaction just closed was put through by the E. W. Hill real estate agency.

## HEIDRICK'S CASE STILL UNSETTLED

The Motorman-Painter's Occupation Again Under Investigation.

### COMPLICATIONS ENSUING

Later developments in the case of Charles Heidrick, a member of East Liverpool division No. 52, A. A. S. R. E., go to show that the matter will not be dropped at the point where the News Review left off a few days ago.

Local union No. 165, painters, took up the question at its last meeting, and the members prepared to push it to the very end. Business Agent House, of the painters, states Heidrick refused to quit work upon a building he was painting at the request of the former and that later he was called off the job by the employer. Since that time the motorman has been endeavoring to make amends in some way to his organization. He first consulted President Kontner, of the street railway men's union, and did his best to have some action taken which would make his standing right with division No. 52. Mr. Kontner was on duty at the time, and had not heard of the occurrence until informed by Heidrick. Kontner refused to have anything to do with the matter, preferring to allow the painters to pass upon the case before permitting it to go before the organization.

Heidrick was compelled to ride upon the forward end of the car while talking to the motorman, and this being against the rules of the company, the motorman was given seven days' lay-off for the offense.

To the present Kontner is unable to figure out how he is to blame in any way, and it may be that the matter will be brought up in connection with the Heidrick case.

Meantime the painters have been active, and the officers have called a special meeting for tonight at which time the members will take some definite action. A meeting of the street railway men's union has been called for 1 o'clock tomorrow morning to act upon the findings of the painters.

## POTTERS' MEETING WAS HARMONIOUS

Manufacturers Return From the Conference Held at Atlantic City.

The meeting of the manufacturing potters at Atlantic City was concluded yesterday afternoon and a few of those in attendance from this city arrived home this morning. When approached this afternoon they refused to discuss the decision that had been reached in regard to the demands of the operatives, further than that a conference would be held.

Most of the manufacturers at the meeting are members of the United States Potters' association and it was given out by one of those who returned today that its affairs were up for discussion. No changes were made in the selling agreement. It is stated. Several firms, that remained on the outside at the time of the organization, were taken into the association at the meeting.

W. R. C. to Decorate.

Lisbon, June 13.—(Special)—Members of the Lisbon Women's Relief corps will decorate the graves of their deceased comrades Sunday afternoon.

## POPULAR DECISION ABOUT GARBAGE

Made By the Board of Public Service at Last Night's Meeting.

### CANS TO BE PROVIDED

And Residents Will Be Required to Deposit All Garbage in Them and Have Them Dumped Weekly—Manure Boxes to Be Removed.

Robert Bursner, manager of the Sanitary Reduction company, met with the board of public service last evening and imparted the intelligence that he has been arranging for several weeks to obtain enough garbage cans to supply every resident that is willing to pay the company for hauling the cans away when they are full. He has only ordered a few cans, but will order just as many as are demanded.

The company has found that the cans can be furnished free of charge to patrons and that it can afford to remove the garbage once a week for 50 cents per month. There is an ordinance providing that cans must be used by families and the board intends to insist that the ordinance is complied with. It was the wish of the board to give Mr. Bursner the contract for hauling away the garbage, but it discovered that it had no right to do so, the people being left to hire whoever they please. However, the residents will have to employ some one, because the garbage will not be allowed to stand for a longer period than a week. When the new cans are adopted generally there will be no more holding of nostrils to divert disgusting effluvia, a realization that has been looked forward to for years.

The board asked Mr. Bursner if he could burn manure in his furnace and he replied that it could be done, but that he was not ready to offer a figure on the cost. He was instructed to make an estimate and report at the next meeting. The disposal of manure is bound to be a perplexing problem. The board ordered that all manure boxes be moved from alleys, streets, etc., and that they be emptied regularly. There is only one spot in the city that can be used as a dumping ground for the manure and it is thought that the owner of the dump will prohibit the practice in a few weeks. It was in anticipation of the conditions that caused the board to take steps to procure a place and no better plan is known than to have the manure burned. Street Commissioner Dickey and Sanitary Officer Burgess will see that the order compelling the removal of the boxes is enforced.

B. C. Simms and Hal Harker appeared before the board in behalf of Monroe Patterson. They made the assertion that Patterson has improved the thoroughfares surrounding the foundry until one would hardly know it. Mr. Simms said: "We have used Walnut street and will do it again." The board made no retort, and the two men left the meeting, well satisfied that they can carry on business as before, if they clean up occasionally. Serious objection was raised to certain residents on Avondale street being allowed to keep their sidewalks covered with bricks, dirt, tin cans and other such things. The commissioner was instructed to notify the parties and if they do not repair the walks at once, the city will do it and charge the owners on the tax duplicate.

A communication from the board of health, asking that something be done to have the people that have connected their sanitary pipes to the storm water sewer disconnect at once, was discussed at length. The board finally decided that an investigation should be made and the people notified to detach their pipes. Sanitary Officer Burgess and Engineer Kelly were ordered to make the investigation.

The bill of Harrison Rinehart, for paving a sidewalk on Fifth street, that has been before council upon numerous occasions, finally found its way into the hands of the board and it deferred it until the next meeting when both Mr. Rinehart and the engineer will be present. Rinehart claims that he was allowed or instructed by the assistant engineer to lay the sidewalk exactly as it now lies.

New Trial Refused.

Lisbon, June 13.—(Special)—A new trial has been refused in the case of Horace G. Tetlow against George W. Allen, of Washingtonville.

## TWO DEMOCRATS KNOCKED OUT

Tom Johnson Gunning for Legislators Who Voted Contrary to His Wishes.

Columbus, June 13.—(Special)—Tom Johnson has successfully knocked out two Democratic legislators who voted for the curative act in opposition to his wishes. Tom swore he would make it impossible for the Democrats who were for this bill to get back into the legislature and he is certainly keeping his word.

Representative Earhart, of Mansfield, was his first victim. He entered his county and prevented his renomination for another term as representative. Yesterday Perennial Bill Gear, of Wyandot, who has been holding office for years, announced his retirement from the race for senator. Gear is the man above all others Johnson singled out for defeat in case he should come out again and in retiring he saves himself from such a fate.

## SAVED FROM RIVER AND TAKEN TO JAIL

Drink and Unrequited Love Nearly Caused Thomas Goodlin to Be Drowned.

### RESCUED BY TIM DAILEY

As the result of drunkenness Thomas Goodlin, a young man of Cook's Ferry, Pa., tripped while walking along the outside gunnels of the wharfbait this afternoon and fell into the river. His escape from a watery grave was exceedingly close, and to Tim Dailey, the well known business man, he owes his life.

Mr. Dailey happened to be on the wharf, a few yards from the boat, when he heard a splash and the cries of a man. The true situation dawning upon him instantly he ran onto the boat, procured a rope and lost no time in throwing it out to the drowning man, who by this time was almost past making an effort for safety. After a hard struggle, Mr. Dailey succeeded in pulling Goodlin to shore, and he was then taken on the boat and worked with until revived.

Officer McDermott was apprised of the man's condition and when he found him he was laid out on a coal flat. He was placed under arrest and landed in the city jail. He insisted that a hearing be granted him, but he was too drunk to permit it and will remain a prisoner until late this evening.

Goodlin was very talkative in his cell and showed signs of temporary insanity. He imagined that a young man, who, he says, is jealous of him, because he has won the heart and hand of a Hookstown lady, cast him into the river and says that when he gets out he will make it warm for the fellow. He says the girl loves him sincerely and that he would fight any man, regardless of size, who would try to interfere with his courtship.

He also labors under the delusion that the enemy robbed him of his purse. On his person were found a number of love letters and a large batch of valueless articles. He is bright looking and appears to be about 16 years old, but states that he is 22.

## BRUTAL MURDER BY EX-CONVICTS

Aged and Respected Farmer Shot By Robbers Near Columbus.

Columbus, June 13.—(Special)—One of the most brutal murders in the history of the state was committed near this city yesterday, supposedly by three ex-convicts, two of whom are under arrest and charged with the crime.

The victim was George Geyer, an aged and highly respected farmer. Robbery was the incentive for the brutal crime. Suspicion fell on Lewis Hermann and Otis Loveland, of this city. The men were recently released from the penitentiary and are known to be desperate characters. Loveland broke down after his incarceration in the county jail and made full confession, implicating a third man, who has not yet been captured.

Cold Day for Picnickers.

Salem, June 13.—(Special)—The Salem Industrial picnic is being held at Idora park, Youngstown, today. About 350 persons went on a special train.

## THE PROBLEM OF KEEPING THE CITY FREE OF DIRT AND HOW IT WILL BE MET

Important Rules Drafted by the City Solicitor and  
Approved by the Public Service Board.

The board of public service declares that the thoroughfares of the city must be kept clean. It so decided during the first week of its term and requested City Solicitor Davidson to prepare rules governing the same. He commenced the arduous task immediately and last evening submitted the following, which were adopted by the board and will be strictly enforced just as soon as they are passed upon by council.

It shall be the duty of owners and occupants of property abutting upon the streets or alleys within the city of East Liverpool, to keep such streets and alleys in front of such property clean and free from nuisance. And any such owner or occupant who refuses or neglects so to do within five days after due notice, shall be fined such an amount as may be provided by ordinance.

It shall be unlawful for any person to cast, throw, deposit or place, or cause to be cast, thrown, deposited or placed in or upon any of the streets, alleys, sidewalks, or public places of the city any manure, paper, slops, offal, ashes, cinders, cans, vessels, bottles, sweepings, dead animals, putrid substance, or any similar waste, or refuse or offensive matter, and any such person, upon conviction thereof, shall be fined such sum as may be provided by ordinance.

It shall be unlawful for any person to deposit or place, leave or cause to be left, or deposited upon any street, alley, sidewalk or public place of the city, any boxes, barrels, bricks, lumber, vehicle, or any other article or thing whatsoever, or leave or cause to be left such article or thing to the obstruction of such street, sidewalk, alley or public place, and to the annoyance of any other person, or permit or suffer any gate to hang or swing out on any pavement unless a permit be first obtained from the board of public service; and any person convicted thereof shall be fined such sum as may be provided by ordinance, provided, however, that such inhibition shall not apply to merchants, manufacturers, or dealers using and occupying a space on the sidewalk abutting upon their place of business, not exceeding two feet; nor to any person making reasonable use of such street, alley, or sidewalk in loading or unloading material to be used for, or in the construction of a building or improvement of property abutting thereon; nor to any person temporarily leaving a vehicle, bicycle, or similar thing upon any street or alley.

No person shall engage in any game commonly known as ball, base ball, foot ball, snow ball, shinney, or any

## NORTHERN SECURITIES HAS BEEN DISSOLVED

Adverse Decision of Federal Court Puts It Out of Business.

New York, June 13.—(Special)—It was reported authoritatively on Wall street today that the Northern Securities company has been voluntarily dissolved. While the announcement created some surprise stocks were not greatly affected. The properties held by the company will be returned to the former owners.

The dissolution is thought to have been caused by the adverse decision of the United States circuit court.

## FIVE LIVES LOST IN TENEMENT FIRE

Italians the Victims of an Incendiary Blaze on the East Side, New York.

New York, June 13.—(Special)—Five lives were lost in a tenement house fire on the east side of the city last night, the victims all being Italians. The fire is known to be of incendiary origin.

A panic prevailed when the flames were discovered and many escaped by jumping from the windows. Quick work of the firemen saved the lives of many.

### Election Held by Kilmen.

The officers of No. 9, N. B. of O. P., were not disappointed at the attendance at the meeting last night. The turnout was larger than at any time during the year, and the meeting was greatly enjoyed. The most important business was the election of officers, which resulted as follows: President, Thomas Neal; vice president, Harry Hayes; recording secretary, George Smith; corresponding secretary, E. Bradford; financial secretary, A. V. Gilbert; D. F. S. R. R. Burger; inspector, Frank Johnson; guard, Nicholas Wynn; trustee, William Cuthbert.

**OBJECT TO CHINAMEN.**  
The same objection that was raised at the last meeting of Trades and Labor Council over members of local labor unions patronizing the Chinese laundrymen, has been taken up by the locals of the N. E. of O. P. and it looks as if there is "no checkee, no washee" men. It has been pointed out that both the local steam laundries carry the label of the laundry workers' union, and that the manufacturers have granted all the demands made upon them by the union. If the spirit of unionism is carried out among the advocates of organized labor their patronage should go to those who conform to union principles, is the doctrine advanced by the leaders of the movement. Resolutions are being passed by the locals to the effect that members refrain from patronizing the Mongolians.

**ANOTHER CLAY FIND.**  
The discovery of valuable clay deposits near the abandoned works of the Mishler Pottery company, Canton, has interested a number of Pittsburgh capitalists, who have decided to reopen the old pottery and build a large addition to the works. Application for papers of incorporation have been made, and the plant will go in operation in a short time. Those interested in the enterprise are W. H. Greenwood, chemist, of McKeesport, Pa.; Audley Calhoun, of McKeesport, and Dr. Calhoun, of Canton. The company proposes to manufacture pottery and later the making of tile and fireproofing will be taken up.

**NO. 12'S OFFICERS.**  
The Jiggersmen have elected, the following officers for the ensuing six months: Frank Gratton, president; Bert Allison, vice president; George Smurthwaite, recording secretary; John Roark, financial secretary; Ed O'Neill, one per cent secretary; William Maley, treasurer; Charles Moore, trustee; Inspector, George Hughes; guard, Fred Goppert. The treasurer serves for a term of one year and the trustee for 18 months. A resolution against patronizing the Chinese laundries was passed and action upon several other matters was taken. The meeting was well attended.

**WILL MAKE CHANGES.**  
Dan McCarron, of the Dresden, who recently resigned his position there to accept the superintendency of the Shenango plant, New Castle, will take charge July 1. It is stated that he will make many changes among the firemen and workmen, among them a new kiln foreman. Mr. McCarron has ideas of his own about conducting a pottery, gained from long experience with a successful plant, and he will put them into effect at New Castle.

**Two Women Divorced.**  
Steubenville, June 13.—In less than two hours yesterday evening, Judge Richards heard three divorce cases, two of which required but a very brief time to dispose of. They were the cases of Josephine Rogers vs. George W. Rogers, of Toronto, and Mattie V. Johnson vs. Jacob W. Johnson. Both women asked divorce and restoration to their maiden name and both got what they wanted.

## LAST END

JUDGMENT FOR \$6  
RENDERED BY DEFAULT

Chancy Failed to Appear as Defendant  
in Suit And Plaintiff Gets  
the Verdict.

Ross Chancy, who was sued in 'Squire Carman's court by Henry Twiford for a board bill of \$6, failed to appear this morning at the hour set for the hearing of the case and judgment was given the plaintiff in the full amount. Chancy had prepared to fight the case and had four witnesses subpoenaed in his behalf. Only one of the witnesses showed up. Chancy was seen in the East End a short time before the case was to be taken up and his reason for not appearing could not be learned. Twiford's wife was the only witness summoned for that side of the case. J. E. Davis was his attorney.

Twiford told the justice this morning that he wanted to bring another action against Chancy. He and his wife both stated that after the suit had been entered Chancy appeared at their home in an intoxicated condition and made threats against Twiford. It is claimed that Chancy promised Twiford a good body beating for entering the suit against him. The justice advised that they wait for a repetition of the offense before lodging a complaint.

## Young Couple Married.

Miss Bertha Malt and Charles O. Weddell, two prominent and popular East End young people, were united in marriage at 9:30 o'clock last night by 'Squire L. W. Carman. The ceremony was performed in the office of the justice and only the immediate friends of the contracting parties were present. The bride is a well known and amiable young lady with a host of friends in the East End. The groom is a popular young man, and both have the best wishes of the entire community for a long and happy life.

## Has Purchased Property.

E. E. Birch, the Calcutta blacksmith, has purchased a fine residence on Pennsylvania avenue from Alex. Chaffin. The purchase was made as an investment and the property will be rented to a tenant. Mr. Chaffin is starting two new houses on Pennsylvania avenue.

## Gamblers Were Fined.

True to their promise to Officer Fisher, the trio of youngsters caught playing poker in a box car appeared before Mayor Weaver to answer the charge of gambling within the city limits. They were each fined \$1 and costs and given a good talking to by his honor.

## EAST END AFFAIRS.

Miss Bessie Jackson is visiting with Irondale friends.

Mrs. Edward Riley was a Pittsburg visitor yesterday.

Miss Maude Baird, of Scio, is the guest of Robert Baird and family, of Mulberry street.

Rev. J. W. Howard left today for Irondale, where he preaches this evening and tomorrow.

Three cases of typhoid fever have broken out among the Italian workmen at Industry and Dr. Mowen is making daily trips to that town to attend them.

Physicians were in consultation yesterday over the condition of Winnie Welch, of Mulberry street, who has been ill for several weeks. His malady has been pronounced catarrh of the stomach, and his condition is serious.

## Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with," said by Alvin & Bulger.

THE NEW POSITION  
IN TRADES UNIONS

Plan For a Walking Delegate For  
All Locals Under  
Discussion.

## NOT FAVORED BY POTTERS

But Warmly Advocated By Other  
Union Men—Trades And Labor  
Council Soon to Consider And Act  
Upon the Question.

An agitation was started several months ago in the Trades and Labor Council for the creation of a new position among the trades unions of the city, the purpose being to save much time and a great deal of annoyance to the members of the several building trades and other organizations. When the movement was inaugurated it was opposed by the pottery locals, and for that reason was abandoned by the men who had first called attention to it.

The original plan was to retain a man to be known as a walking delegate or business agent, and instead of representing one single trade, as is true of many unions in the larger cities, he should handle the business of every trades union affiliated with the Trades Council. The task, it was realized, would be no easy one, but it was thought the right man could be secured, and that scores of petty questions could be settled by him without the annoyance and expenditure of time attendant upon the appointment of committees and the consumption of time from the work of the members.

Those proposing the scheme had a feasible plan, and it was outlined in detail at several meetings of the council before it was finally killed. These men proposed that each of the some 25 unions pay in a stipulated sum each month to pay the business agent for his time. It was the opinion of the promoters of the plan that the services of the walking delegate could be secured for a sum not to exceed \$75 per month. When the amount was divided up among the various unions, it was thought no one of them would be hurt by the drain, and when it was considered that much good could be accomplished by the agent, the investment would be a very good one.

It is likely the question will again be raised within the next few weeks, and this time the supporters of the plan will come to the Trades Council with sufficient support to carry their scheme to a successful issue. The fact that the plan was not adopted on the previous occasion is attributed to the fact that at that time the building trades were in an unsettled condition, and a little later two of them went on strike. The troubles of one of these unions has not yet been settled, and it is probable it will be prolonged for an indefinite period. One of the advocates of the plan has this to say in behalf of the project:

AT BED TIME  
I TAKE  
A  
PLEASANT  
WATER  
DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW  
AND MY COMPLEXION IS BETTER.  
My doctor says it acts gently on the stomach, liver  
and kidneys and is a pleasant laxative. This drink is  
made from herbs, and is prepared for use as easily as  
tea. It is called "Lane's Tea" or  
**LANE'S FAMILY MEDICINE**  
All druggists or by mail 25c. and 50c. Buy it to  
day. Lane's Family Medicine moves the  
bowels each day. In order to be healthy and  
happy. Address, Box 295, Le Roy, N. Y.

Volumes, at times, of woman's happiness or misery. The dull, sunken eye with its dark circles almost surely speaks of womanly ill health, and its attendant suffering. With the dull eye goes usually the sorrow, sunken cheek, the drawn mouth, the shrunken form—the whole glory of woman's beauty marred by the effects of disease.

Dr. Pierce's Favorite Prescription cures the disease which underlies the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and securely confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine," writes Mrs. Pierce, of 32 West 11th Street, York, Pa. "I will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness, and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 105 pounds, at present it is 125. Have healthy color and my friends say I look well. My best thanks to you and my best wishes, too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

"It is natural that the pottery locals will not favor the plan. They have their national headquarters right here in town, and when a dispute arises all they have to do is to carry it to the national officers. It is a mighty sight different in other trades. We have a hundred and one disputes which never reach our national head. These matters are none the less important, because they are considered too trivial to be thrust upon our national officers, because in many instances they mean the making or breaking of the local organization. What we would like to have is a man who can be trusted to take care of these matters in the name of the central labor union. Besides the prestige which this will lend the cause, the several unions will be relieved of the task of investigating, and the work which would be necessary could be performed by the agent. Trades Council is to have another opportunity to adopt the plan, and if the members do not see fit to embrace it we will of course give it up for the time. But it will not be abandoned by any means, and just as soon as we have the opportunity it will be brought up again."

THE DRUG TAX  
A BAR TO SCIENCE

Our Patent Laws Have the Opposite  
Effect from Encouraging  
Invention.

Few people know that at present the patent laws of our country make it possible to levy a blood tax on many articles "made in Germany" that are used by the sick and afflicted, the very persons the government would naturally be expected to shield from imposition.

Take phenacetine. It sells in Germany, where it is made, at 25 cents an ounce, here at \$1 an ounce. Why? Germany, like most civilized countries, does not grant patents on articles used in the healing art. The United States does, and an enterprising citizen took out a patent for this article, which is not made here, and under our monstrous laws phenacetine cannot be sold in this country except by the holder of the patent, and his price is \$1 an ounce wholesale.

Our patent laws were originally devised to encourage scientific investigation, but in such cases as this the opposite effect is produced. No matter if you should find out a new process for making phenacetine, under this infamous law no phenacetine can be made or sold here except by the holder of the patent, who is at liberty, and makes good use of it, to "hold up" the sick and suffering to the tune of \$1 an ounce for an article costing 25 cents in Germany. As stated before, most civilized countries do not grant patents on articles used in medicine. Our own country is the inglorious exception.

Antipyrine is in the same category. It used to cost at whole \$1.49 an ounce. When the unjust patent expired the blood tax was wiped out, and it now sells at 25 cents an ounce. Take sulfonyl as another illustration. Several manufacturers in Germany are making this valuable chemical because that of fete monarchy encourages scientific research, and the aniline industry, with all of its important by-products, is a monument to the wisdom of this policy. A smart American citizen patented the article, sulfonyl, in this country and now levies his blood tax on the poor and suffering of "free America."

Germany grants patents only on the process of manufacture, not on the finished product, and the German patent

law holds out inducements to the discoverer and the inventor to go ahead and find new ways of making these chemicals, and each new way can be patented. America says to the student of chemistry: "Don't trouble yourself about finding out new ways of making anything that is patented, you will not be permitted to sell it."

Our laws should be so changed that no patent shall be granted on articles used for food or for medicine. It is beyond all reason that the inventive genius of Americans and the conspicuous ability of our chemists should be kept down by these monstrous laws especially when the greatest sufferers from the injustice are those least able to bear the burden. Congress should lose no time in wiping out this disgrace, and the people of America should not rest until it is done.

## The World's Famous Catarrh Remedy---Pe-ru-na.

Senator W. V. Sullivan.

United States Senator Sullivan from Mississippi writes the following endorsement of Peruna:

"I desire to say that I have been taking Peruna for some time for catarrh and have found it an excellent medicine, giving me more relief than anything I have ever taken."—W. V. SULLIVAN.

Congressman Romulus Z. Linney.

From North Carolina, writes:

"My private secretary has been using Peruna for catarrh. He had as bad a case as I ever saw, and since he has taken one bottle he seems like a different man. I don't think any man who is under a nervous strain should

be without it. I cannot express the good it has done him."

John B. Clark, Ex-Congressman.

Was ten years a member of Congress from Missouri and for six years Clerk of National House of Representatives, writes:

"I can recommend your Peruna as a good, substantial tonic and one of the best remedies for catarrhal troubles."—Ex-Congressman A. H. Goffroth, Somerset, Pa., writes:

"I am assured and satisfied that Peruna is a great catarrh cure, and I feel that I can recommend it to those who suffer from that disorder."

Men of prominence all over the United States are commending

Peruna. Over forty members of Congress have written their endorsement of it. Scores of other government officials speak in high praise of it. Thousands of people in the humbler walks of life rely upon it as a family medicine. Send for free book of testimonials.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

The news that work is about to begin on the Youngstown & Southern railway will be hailed with great satisfaction all along the route. There will be disappointment, of course, that work on this end of the line is not to be pushed this year. But having waited with reasonable patience for many years, East Liverpool will take the matter philosophically. Rome was not built in a day, and it is rare that such a task as completing 50-odd miles of railroad through a hilly country is completed in a year. The fact that the railroad is headed this way and the prospect that some time next year we may be able to reach our county seat without traveling four times as far as is really necessary is something pleasant to look forward to.

The Kansas Forestry Commission points out that less than the \$25,000,000 of property destroyed by the floods at Kansas City and Topeka, would have provided a system of reservoirs and canals, whereby the waters could have been impounded and used for the irrigation of the low plains, almost arid. The lesson of these spring floods is yet to be learned. They are annual, regular and destructive, and the succeeding droughts almost equally so. Still human wisdom can and must provide a remedy. The annual loss is bound to grow as the country grows until the necessary remedial steps are taken.

Chicago would be an excellent field just now for a school of practical housekeeping. Scarcely had the laundry workers' strike ended ere the hotel and restaurant cooks and waiters quit work, leaving thousands who had been accustomed to rely upon meals prepared outside the home kitchen to get along as best they could. It is said fashionable women are now turning cooks and waitresses. Well, the employment is useful and honorable, and the experience ought not to be without its value.

Those who are predicting that Tom Johnson will be next year's Democratic candidate don't seem to realize that capturing the whole country is a very different thing from taking possession of the city of Cleveland. Tom can fool some of the people, but when he starts out to fool them all he has a task too big for him.

Death removed a brave and fearless son of Columbiana county when it took General Alexander McDowell McCook. In a few years more there will not be a conspicuous figure of the civil war period left alive.

Kings and queens are not to be envied, especially if they live in a country where life is held cheap and the revolution habit is strong.

The condition of affairs in Serbia

must have been bad indeed if the government is expected to be better with murderers conducting it.

The theory that the Missouri river is destined to dry up has been knocked in the head for this year.

"It is a 'fine' day" is a remark seldom heard of late outside the police court.

## OBITUARY

Miss Stella Good.  
Mr. and Mrs. William Nath. Mr. and Mrs. William C. Davidson, Mrs. P. J. McKee and Mrs. D. B. McNicol have returned from Steubenville where they attended the funeral of Miss Stella Good, who died in that city on Wednesday, and who was a relative of the parties named. Miss Good was the daughter of Felix Good, the well known Steubenville baker, and the cause of her death was consumption. The lady was very well known in this city, where she has visited frequently. Several months ago she was sent to California in the hope that her health might be benefited, but she grew steadily worse and died at the time stated.

Mrs. Sarah Bough.  
Mrs. Sarah Bough, aged 55 years, the wife of M. H. Bough, of East Fifth street, died last night at 7 o'clock after many months of suffering. The funeral services will be held at the residence Monday afternoon at 2 o'clock. Rev. C. G. Jordan will officiate, assisted by Rev. J. L. Swan and Rev. Dr. J. C. Taggart. The interment will be made in Riverview cemetery.

Mrs. Bough was the daughter of Mr. and Mrs. John March, now deceased, and was born in St. Clair township, near Cannon's Mill. She united with the Presbyterian church when 17 years of age and has been a member of the First Presbyterian church of this city for 25 years. She was active in church missionary work, devoting a great deal of her time to the service of the Master. The members of the congregation will miss her greatly.

About a year ago Mrs. Bough was attacked with a cancerous growth on the face and six months ago she was taken to a Pittsburgh hospital, where an operation was performed. She appeared to be free from the dread disease for a short time, but it returned and she grew steadily worse until the end came at the hour stated. While her suffering was intense she bore it with true Christian fortitude. During the last few days the pain left her entirely, and the end came peacefully.

Mrs. Bough is survived by her husband and two children, Clifford A. Bough and Mrs. Frank W. McCurdy, both of this city.

## CARS TO RUN TO LISBON BEFORE COLD WEATHER

Continued from First Page.

means of the railroad. The first of these deposits of coal lies near North Lima, and will be opened at once. It is the desire of the parties interested in the building of the road to have the system completed as far as Lisbon, and in full operation to that point by the time rough weather sets in.

Members of the company announce that a start on the construction work would be made at several points on the route this summer, though it cannot be hoped to have it completed and actually in operation this year.

The franchise secured from the East Liverpool council will be lived up to in every respect, say the promoters, and it can be announced with absolute certainty that some work will be done here within the next few weeks. The franchise secured in this city provides that the construction of the railroad be commenced on or before July 1, 1903, and that work to cost not less than \$5,000 be completed by July 1, 1904. This will necessitate hard work on the part of the contractors, and they must act promptly, but it is thought they are equal to the task.

The privileges secured here only extend from the corporation line to a point on Sheridan avenue west of West Market street, and when the construction in this city is once started it can be completed in a hurry and in a very short length of time. Local people assert that even if the franchise did not specify the time limit, the contract of the company with the Bloomfield Land company would hold it to the line, in that it says the road must be constructed in a stated time or the right of way will be invalid. It will be remembered that the rights of way down California hollow were secured and held by the Bloomfield company several years ago, and under certain conditions were transferred to the Youngstown & Southern when its promoters came this way last winter.

## WILL REED'S STATEMENT

Mi-o-na Costs You Nothing If It Does Not Cure.

To the Editor of the News Review: The unusual statements in the advertisements I have published for Mi-o-na have led some people to ask if I really meant all that I said in regard to this preparation. The best reply I can make is to publish over my signature a statement of what Mi-o-na will do and the unusual terms under which I am selling it.

1. Nine-tenths of all sickness is caused by some kind of indigestion. As Mi-o-na cures indigestion in any form and restores healthy action to the whole digestive tract, it will cure nearly every case of poor health.

2. The dyspeptic is ordinarily thin and emaciated, with sallow complexion, sunken cheeks and flabby flesh. Mi-o-na will cure dyspepsia and those who use it will find every part of the body filling out with firm, solid flesh, so that all the outlines become plump and pleasing.

3. The benefit from Mi-o-na is not merely temporary. This remedy aids digestion and restores natural and healthy action to the digestive organs so that a permanent cure results.

4. The strongest evidence I can give of my faith in Mi-o-na is my personal agreement to return the money if it does not give satisfaction. Although I have sold hundreds of packages under this guarantee yet only one out of every hundred has asked to have the money returned. I am always ready to refund the price of Mi-o-na to any one who is not satisfied with it.

Respectfully yours,  
WILL REED.

These firms are also furnishing the money for the Youngstown & Southern. G. B. Baker, a member of the firm of Baker, Ayling & Co., with John H. Ruhman, secretary and treasurer of the company and J. W. Long, one of the real estate agents connected with the deal, arrived in the city at 10 o'clock this morning, having driven from Youngstown. The Boston man was desirous of seeing the route, and a start was made from Youngstown at 3:30 yesterday afternoon. Mr. Baker expressed satisfaction with the outlook and the territory through which the proposed line is to be built. Messrs. Ruhman and Long returned to Youngstown at noon today while Mr. Baker left for Indianapolis to spend Sunday with his family.

Contractor Joyce, of Youngstown, has 200 teams employed about the mills and furnaces at Youngstown and will put 50 teams at work Monday morning. Additional teams will be purchased and put to work as soon as possible.

The engineers and officials of the company will be in Lisbon next week to decide upon a route through that town. While in Lisbon last evening they promised to have cars running from Youngstown to Lisbon by November.

The Leontia & Salem road, projected and backed by the same men

as the Youngstown & Southern, will at once be arranged for. Work will be begun immediately securing rights of way for this branch.

## FRIENDS AND VISITORS

## WELLSVILLE

ITALIANS CRUSHED  
BY FALLING ROCK

Two Men Badly Hurt While Loading  
Dirt in Wells' Hollow.

While loading dirt at Wells' Hollow, a short distance east of Wellsville, yesterday, two Italians were the victims of a painful accident. One had his leg broken below the knee and the other his ankle badly sprained. The men were working for Contractor E. K. Anderson and he was overseeing the work. These men, with several others, undermined a large stone and when Mr. Anderson saw that enough dirt had been removed from under the rock he told the men to stay away. They would move away but would gradually return to the stone. Mr. Anderson saw the boulder giving away and called to the men to get from under it.

There were four men working under it at the time and when Mr. Anderson called they all jumped away but the two Italians, and the rock fell on them, pinning their legs to the earth. After considerable trouble the two men were released. They were taken to the Italian headquarters on Third street and Drs. Holland, Tarr and Parke were called and the injured limbs were dressed. There being no place in this city where the injured men can be taken care of they were taken to a hospital in Pittsburgh this morning.

NEW FERRY BOAT  
HAS BEEN LAUNCHED

Better Facilities For Crossing to Congo  
Soon to Be Afforded.

The city council some months ago granted Watson Johnston the right to operate a ferry between Wellsville and the opposite side of the river. The work of building the ferry boat was started the first part of May and according to the franchise was to have been completed by the first of June. The boat has been launched in the river and the finishing touches are being administered. It will be operated by a small gasoline engine.

Since the construction of the new boat has been in progress a flatboat has been in operation. It is of the very rudest type and takes about half an hour to cross the stream. It is not only an inconvenient thing, but it is unsafe and can only be run in the calmest weather.

The people of Wellsville, who have occasion to cross to the other side are greatly disappointed in the new boat. They expected something that could cross at any time and think as a gentleman said a few days ago: "That boat will never do. It is too small and can only run when the water is smooth." It is hoped, however, that the new boat will surpass its looks and do the service required of it in a satisfactory manner.

## FOURTH OF JULY

Meeting Called For Tonight to Make  
Arrangements for Celebrating.

Mayor Fogo has issued a call to all the residents of Wellsville, who are interested in a big Fourth of July celebration, to meet at the city hall this evening. Several committees will be appointed to take up separate lines of entertainment.

The mayor is deeply interested in this project and is giving considerable of his time to the movement.

## KILLS GERMS OF CATARRH

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Thousands of testimonials have been given as to the astonishing cures made by this remedy. J. S. Nugent, treasurer of the American Union Life Insurance company, of New York city, writes: "Hyomei has completely cured my daughter of catarrh from which she had been suffering for years."

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that Will Reed will agree to refund the money if you say Hyomei has not cured you.

Now is a good time to cure your catarrh.

TAX COMMISSION  
Gets Together And Organizes Preparatory to Tackling City Problems.

The Wellsville tax commissioners, J. J. Grafton, A. J. Brennan, W. J. Maloney and P. M. Smith, held their first meeting in Judge Smith's office. The first business was the election of officers. A. J. Brennan was elected president, J. J. Grafton vice president and C. R. McGregor secretary. Secretary McGregor was ordered to instruct City Solicitor Boyd to take the necessary steps to change the floating indebtedness of the city to bonded indebtedness.

As there is no salary connected with this office \$20 was appropriated from the sinking fund to pay the premium on surety funds required of each member.

Mayor Fogo was authorized to rent the third floor of the city hall and collect the rental for the same. Secretary McGregor was ordered to instruct City Treasurer Andrews no longer to keep separate bond accounts, but to embody the same into a sinking fund. The commissioners will, at the next meeting, present to council the levy for the ensuing year, which will be 10 mills for all city purposes. The meeting adjourned to meet at a call from the president.

## Watchman's Shelter.

The Cleveland & Pittsburgh railroad company has taken advantage of the privilege granted by the Wellsville city council and has erected a watchman's shanty between Sixteenth and Seventeenth streets. The shanty is small, being only 3x5, but affords a very comfortable shelter for a man at night. It extends about a foot and a half over the fence onto Main street but does not hinder traffic a particle. The little building was completed a few days ago and is very much enjoyed by the night watchman.

## Resignations Ready.

Just what the trouble may be is not known, but at the next meeting of the J. W. Reilly camp, Sons of Veterans, it is said that every officer will hand in his resignation. Why this step will be taken cannot be learned, but it is said a thorough reorganization will result.

## Children's Day.

At the First Presbyterian church and the First M. E. church, Children's day will be celebrated tomorrow evening at 7 o'clock. Fine programs have been arranged.

## Conditions Improving at Kansas City.

Kansas City, Mo., June 12.—City water was turned on this afternoon. This supply will furnish the city with its first clean water for nearly two weeks and remove danger from fire.

Passenger trains between the two Kansas Cities will be established by the Missouri Pacific railroad. The only communication now is by rowboat or steamer. This will be made possible by the opening of the Missouri Pacific bridge, one of the few that withstood the flood.

Attacked By Fire Bugs.

Norwalk, O., June 12.—Shortly after midnight Fred Everson, son of J. M. Everson, heard a noise outside of the house. He went outdoors and was immediately attacked by two men and badly beaten. Investigation showed a cloth stuck in the shutters with coal oil poured over it. There have been several incendiary fires here recently.

## Machinists Ordered Out.

Huntington, W. Va., June 12.—The machinists and boiler-makers of the Baltimore & Ohio railway have ordered all their men out at Hinton, Thurmond and Handley W. Va., and also at Ashland, Lexington and Russell, Ky., until a settlement of the trouble is reached.

## SOUTH SIDE

## NEW CUMBERLAND FOLK

Several Hundred of Them Visited  
Rock Springs Park And Had  
a Good Time.

Three hundred people from New Cumberland and the immediate vicinity visited Rock Springs park last evening and the occasion was one long to be remembered. The summer theater, the other forms of amusement in addition to an enjoyable dance at the pavilion, made up an evening of pleasure which it is seldom the good fortune of New Cumberland people to enjoy.

The train arrived a little before 8 o'clock, and no time was lost in entering upon the full enjoyment of the occasion. The party from Chester's southern suburb thoroughly appreciated the good things provided, and the start home was made about 11 o'clock. It is likely this will not be the last trip to be made from the neighborhood during the season.

Afflicted With Whooping Cough.

The family of Jack Tinson has been afflicted with whooping cough for several weeks. Three children have been very ill. Mr. Tinson is barn boss of the East Liverpool & Rock Springs railway, and resides at Tinsonville, near the park. Where the little folks contracted the disease no one seems to know, but the family is now sorely afflicted. Mr. Tinson was compelled to leave his work yesterday on account of feeling sick. Later it was developed that he had contracted whooping cough, and he is now confined to his home suffering from the annoying malady. The disease threatens to become epidemic in Chester.

## Sunday Concert Program.

Following is the program which will be carried out by McGraw's orchestra at the park tomorrow afternoon, and those who understand and appreciate good music can certainly appreciate the treat in store for those visiting the park: March, "Under One Flag," Tron Blon; overture, Lustpiel, Keler Bela; Chinese serenade, Puerner; Mill in the Forest, Ellenberg; Encouragement, Boettger; waltzes, "Dream of Heaven," Baner; Whispers, Dean; march, "Tipperary," a march in Irish style, Fulton.

## CHESTER NOTES.

Mrs. G. W. Shaffer, who has been ill at her home in Chester, is improving. Preaching services will be held at the First Presbyterian church this evening.

Excavating for the new Poole building on Carolina avenue has been completed.

Miss Bertha Johnston, assistant to her father, Postmaster W. C. Johnston, is the guest of friends at Homestead, Pa.

Contractor Freshwater was in Chester yesterday calling upon his sons, who have charge of the street improvements.

The injuries of Carl Evans, who was struck by a street car at the end of the bridge yesterday, have been found to be slight and he will have recovered in a few days.

## MEMORIAL DAY

Will Be Celebrated By Crookery City  
Tent of Maccabees  
Tomorrow.

Crookery City tent No. 131, Knights the Maccabees, will hold its regular annual memorial services in the hall tomorrow afternoon at 3 o'clock. Immediately after the services the members will march in a body to River-view cemetery, there to decorate the graves of deceased brothers. The lodge has made this an annual event since its organization, and it is one that every member should feel proud of.

From a small beginning the tent has developed wonderfully under the management of able officers and deputy until now it is recognized as one of the leading fraternal societies of this city. The lodge is under splendid discipline, and at the same time harmony and concert of action are noticeable everywhere. The lodge continues to grow rapidly.

## FOUR BIDS ON SEWER

Contract Will Be Let By Service  
Board on Monday  
Evening.

Four bids were received and opened this afternoon by Auditor Davidson and Engineer Kelly for the building of a storm water sewer on Bradshaw avenue, as follows: D. J. Wallace, \$9 per foot; J. Bailey, \$9.25 per foot; J. S. Shingleton, \$7.49 per foot, and J. C. Cunningham, \$6.95 per foot. The sewer is to be 467 feet in length.

The contract will be let by the board of public service at the meeting Monday evening.

## Dispute Over a Saloon.

Lisbon, June 12.—(Special.)—An action in forcible entry and detainer is pending in the court of Justice Dickinson in which Miss Frances Bradbury is plaintiff and E. O. Harris is defendant. Harris recently purchased of D. J. Job a saloon which the latter was conducting in Miss Bradbury's building on East Walnut street, the purchaser claiming to have understood that he could continue the business there. Miss Bradbury alleges that the lease has expired and that she has rented the saloon to another party and desires to give possession.

## Seeks Medical Treatment.

Lisbon, June 12.—(Special.)—J. J. Dickey, of Signal, went to Cleveland yesterday afternoon, where he will submit the stump of an amputated arm for additional treatment. He lost his arm in a saw mill accident a year ago and while the arm has healed nicely he has been suffering considerably.

## Philip R. Theobald.

Philadelphia June 12.—Philip R. Theobald, a noted dealer in horses, who was seriously injured in an automobile accident last Saturday, is dead at his home at Glenside, a suburb of this city. He was 63 years of age and leaves an estate valued at a million dollars.

## Checked to Death.

To Die of Paralysis Like Father.

Helpless Invalid For Three Years.

Dr. Miles' Nervine Made My Nerves Strong.

"For many years I suffered from terrible headaches and pains at the base of the brain, and finally got so bad that I was overcome with nervous prostration. I had frequent dizzy spells and was so weak and exhausted that I could take but little food. The best physicians told me I could not live; that I would die of paralysis, as my father and grandfather had. I remained a helpless invalid for three years, when I heard of Dr. Miles' Restorative Nervine and began using it. That winter I felt better than I had before in many years, and I have not been troubled with those dreadful headaches since I first used Dr. Miles' Restorative Nervine. My appetite is good and my nerves are strong."—Mrs. N. M. Bucknell, 2929 Oakland Ave., Minneapolis, Minn.

"For many years I suffered from nervous prostration, and could not direct my household affairs, nor have any cares. My stomach was very weak, headaches very severe, and I was so nervous that there was not a night in years that I slept over one hour at a time. We spent hundreds of dollars for doctors and medicine. I was taken to Chicago and treated by specialists, but received no benefit at all. Finally I heard of Dr. Miles' Nervine and began its use. I was surprised that it helped me so quickly, and great was my joy to find, after using seven bottles, that I had fully recovered my health."—Mrs. W. A. Thompson, Duluth, Minn.

#### Woman Murdered.

Altoona, June 13.—The almost lifeless body of Mrs. Annie Canavan, aged 49, was found in a strawberry patch near her home, at Kenney, Elk county, yesterday afternoon, mutilated almost beyond recognition. She had been beaten with a pine knot found near by. The woman died a short time afterwards. The murderer escaped, leaving no clue. He is believed to have been a tramp, who attacked the woman while she was picking berries. Evidence of a violent struggle were to be found, showing that the woman defended her honor with her life. She leaves a husband and several children.

#### Some of the Cured

The Jno. J. Fulton Co. of San Francisco, First in the World to Announce the Cure of Bright's Disease and Diabetes, presenting a Definite Percentage of Recoveries (87%) and Giving Out Lists of the Cured.

Here are some of the San Francisco recoveries, and all of them declared by physicians to be incurable: N. W. Spaulding, President Spaulding Saw Co.; Adolph Weske, founder Cal. Cracker Co.; Carl D. Zelle, pioneer druggist; Chas. Engelke, editor San Francisco Journal; R. M. Wood, editor Spirit Review; Edward Short, of the Call; C. A. Newton, yardmaster S. P. Co. (Sacramento); Jno. A. Phelps, Hotel Repeller; Mrs. M. Empey, 130 Steiner St.; Mrs. S. E. Cline, 1737 Broadway; Mrs. P. Goyhenex, 928 Filmore St. (tapped 38 times); R. C. Pell, Manager Pacific Coast Biscuit Co.; F. J. Bacheider, Pacific Coast Agt. San Francisco; C. E. B. Carter, Attorney, 230 Pine St.; Wm. Hale, Real Estate, 215 Sansome; Mrs. C. C. Mathewson, Proprietor Hotel Clinton; Thos. Haskens, Merchant (Petaluma); Col. Wm. Hawkins, U. S. Quartermaster's department; Chas. F. Wacker, Merchant, 131 6th St.; Mrs. Thos. Christol, 426 25th St.; and hundreds of others. Some were at death's door when put on the compounds, but many such recovered. That many were in extremis may be learned from this. Some recovered who had been tapped dozens of times; others were already in the twitches of uraemic poisoning; many had from four to six physicians confirm the fatal diagnosis; several left standard hospitals in extremis; several had relatives called in for last interviews, and a few recovered who were in a state of absolute coma.

In a word about 87% of all cases of Bright's Disease and Diabetes, heretofore positively incurable, are now curable under the new Fulton Compounds. The Fulton Compound for Bright's and Kidney Disease is \$1. For Diabetes, \$1.50. Pamphlet free. We have just established a depot in your city where you will find the Compounds and pamphlets, viz:

#### Refused to Confirm Award.

Scranton June 13.—The first district executive board of the United Mine Workers met here to take action in the cases of the Ganton and Stato Line and Sullivan Coal companies, of Berne, which refuse to conform to the strike commission's award. The employees claim that while these companies did not agree to be parties to the submission they should in equity subscribe to the commission's finding, at least in the matter of hours and wages. The companies claim they are not affected by the award of the commission because their product is not anthracite, but semi-bituminous. The Stato Line and Sullivan company was recently absorbed by the Connell Anthracite Coal Mining company, of which Hon. W. L. Connell, one of the operators' representatives on the board of conciliation, is president.

#### Unpleasant Incident in Vienna.

Vienna, June 13.—While Emperor Francis Joseph was out driving here a pedestrian, holding a stick in a threatening manner, rushed at the emperor's carriage. The coachman lashed the assailant and whipped up the horses and the man was seized. The incident caused some excitement. At the police station the prisoner was recognized as Jacob Reich, an unemployed commercial agent, who called at the Hofburg January 8, and insisted on seeing Emperor Francis Joseph, declaring he was the Son of God and had brought his majesty an important communication from the Almighty. Reich, who is pronounced insane, was then incarcerated, but has since been released.

#### Heavy Landslide.

Asheville, N. C., June 13.—The side of a mountain caved in on the Southern railway tracks between Spartanburg and Asheville, at noon. Thousands of tons of rock and dirt completely filled one of the largest rail road cuts in the mountains of west North Carolina and effectively shut off all traffic from the south. The landslide occurred near Tryon, N. C., at the foot of Saluda mountain.

#### Strike Settled.

Morenci, Arizona, June 13.—The strike is settled. The men accepted an offer of nine hours pay for eight hours work. The territorial guard will leave camp. Five troops of regulars from Forts Grant and Huachuca are here. Colonel Lebo in command. Italians only are not included in the settlement.

#### Grain Elevator Burned.

Kansas City, Mo., June 13.—The exchange grain elevator in the east bottoms was burned, destroying 40,000 bushels of wheat, and entailing a loss of \$70,000.

#### A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size, 75 cents. At all druggists.

THE GREAT DISEASE EXTERMINATOR OF THE 20th CENTURY.

## LIFE PLANT

A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured, all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unsightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshing. No dreams leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irrevocably in the past.

Mr. J. C. Lukens, of Tipppecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list. Tipppecanoe, March 1, 1909.

## MAKING LISBON LOOK HANDSOME

Experienced Decorator at Work—No Gambling Games To Be Tolerated.

Lisbon, June 13.—(Special)—Frank G. Silvers, of Philadelphia, who has the contract of decorating Lisbon for the centennial, arrived here from Canton yesterday with his decorative designs and a force of men whom he set to work on the job immediately. Mr. Silvers had the contract for the decorating at Chillicothe for the recent centennial and also at Canton for the grand lodge of the Knights of Pythias. Work on the decorating is being rushed night and day. One hundred dollars will be spent on the decoration of the court house.

The centennial board has decided to exclude all gambling devices from the city during the centennial, although there have been numerous applications which would have continually increased the revenue to be used in defraying expenses.

The court house officials have decided to close their offices an hour earlier during the centennial, although there have been numerous applications which would have continually increased the revenue to be used in defraying expenses.

## ASSESSING BOARD LEARNS THE LAW

Now Prepared to Go Ahead and Investigate the Pennsylvania Avenue Matter.

The assessing board appointed several weeks ago by council to assess the property benefited by the improvement of Pennsylvania avenue got to work yesterday afternoon and applied to City Solicitor Davidson for instructions. He read the law pertaining to the work and made it plain to the board it is to assess only according to benefits. The members of the board are: John W. Hall, J. N. Votey and John Kerr.

A morning paper added another to its long list of errors by stating that the "equalization board" had received instructions by Solicitor Davidson and had started its work. There is no equalization board and none will be appointed until the assessing board has finished its work, which will likely be but a short time, as it has the report of the former board as a guide.

## DIED IN JAIL AT ALLIANCE

Ex-City Marshal of Lisbon Passed Away Under Sad Circumstances.

Alliance, June 13.—Edward Wadsworth, formerly marshal of Lisbon, but recently one of the proprietors of Wadsworth & Starr's poolroom in Alliance, died in the city lockup about 2:30 o'clock yesterday afternoon from the effects of alcoholism.

Wadsworth had been drinking heavily lately and yesterday afternoon he was at the home of D. C. Bower on South Union avenue in an intoxicated condition. The patrol was sent for and he was brought down town and locked up. Shortly after being locked up his death occurred. The exact moment of death is not known, as after being locked up he became quiet and was lying on a bench. Chief Howell noticed that the man was in a very bad condition and sent for a physician. He and Chief August went in to see how he was doing and found him dead. The physician had not arrived. The body was placed in the city ambulance and taken to Shaver's morgue, where it was prepared for burial. He was 46 years of age and leaves a wife and two children.

Evening.**

**GROUNDS ILLUMINATED.**

**SEATS ARE PROVIDED.**

**EVERYTHING FREE COME**

In celebrating the opening of this the fourth addition of the Geo. M. Aten lands, we also celebrate the wonderful success of the former addition. Within 18 months we have sold 150 lots in this addition, 25 houses have been built, 25 are under construction, one-half mile of streets have been and are being paved, one-half mile of water mains, one-half mile of sanitary sewer and one-half mile of gas mains laid and being constructed, and 100 men are now engaged in construction and improvements on the addition. Those who bought of the first addition lots can realize 40 per cent. profit on their investments, and the end is not yet. Why all this? Because we have the very best lots at the lowest price that Wellsville affords. Investigate and see if it is not true. See street circulars for plats and prices.

## SOCIAL EVENTS

**Class Reunion.**  
The Sunday school class taught by D. M. McLane in the West End Presbyterian chapel last evening spent a most enjoyable social evening in a class reunion. In 1895 the class was organized, and it was the endeavor of Mr. McLane to have all the present members, and also former members of the class present. As far as possible the class members were present there being about 100 persons there. An excellent musical and literary program was rendered, followed by an address by Rev. J. S. Hamilton. Light refreshments were served, making the evening's pleasure most complete.

**Chautauqua Circle.**  
The Chautauqua circle meetings which have proven a pleasure to many interested in literary work in this city have been concluded. During the winter months, the ladies of the circle spent much time in careful literary research. In September the work will again be taken up with new zeal and interest. In the meantime an outline program for next winter's work will be made. As a fitting close to this successful year of the Chautauqua circle, the members will soon hold a picnic at Rock Springspark.

**Blount-Tinsman.**  
A very pretty wedding was solemnized at Monaca when Miss Eva Blount, daughter of Mr. and Mrs. J. W. Blount, of New Brighton, and I. Fero Tinsman, of Beaver Falls, were wedded at the home of the groom's brother W. F. Tinsman. The ceremony was performed at 3 p. m. by Rev. W. H. Fields, pastor of the Christian church of Beaver. There were no attendants. The bride is well known in East Liverpool, where she has visited frequently. The groom is in business in New Brighton.

**Entertained Her Friends.**  
Mrs. C. L. Gray entertained a company of friends yesterday afternoon.

from 2 until 5 o'clock at her home on Bradshaw avenue. Mrs. Gray was assisted in receiving the guests by her mother, Mrs. Peters. During the early afternoon hours a luncheon was served. The time was spent in exchanging social greetings and the afternoon was most enjoyable.

**Given a Farewell Surprise.**  
Mrs. William Beardmore, of Avondale street, was given a surprise party last evening by a number of her lady friends, with whom she has been associated in church and missionary work. A very pleasant evening was enjoyed by all. Mrs. Beardmore is to leave in a short time for a visit with relatives in England.

## WALKER WILD MAN IS CERTAINLY CRAZY

Opinion of 'Squire McCarron, Who Investigated the Case—Inquest to Be Held.

'Squire McCarron reports that he pronounced the man who created wild excitement in the vicinity of Walker throughout Thursday and Thursday night hopelessly insane. As published exclusively in the News Review, the justice made a special trip down to Walker yesterday afternoon for the purpose of investigating the case. Upon his arrival he found the man to be quiet and suffering much from his many hours of exertion.

After being convinced that the man was crazy, the 'squire telephoned to the probate judge at Lisbon and the latter stated that he would send the sheriff after him some time today. He will be given a trial and then committed to the Massillon asylum.

## PETITION IN PARTITION

Follows the Decision in the Hartley Will Case—Much Property Involved.

Lisbon, June 13.—(Special)—Close upon the result of the theatrical effort of Miss Lina Hartley to set aside the will of the late Abraham Hartley, of Salineville, in which case the will was sustained by the jury, Miss Hartley has filed a petition in partition against the remaining heirs of the deceased. The plaintiff says that as a devise under the will of the late Abraham Hartley she is the owner of the twenty-third part of the following real estate: Lots 1 to 12 and lot 18 in Salineville; 2.7 acres in Washington township; lot 87 in McGaffick's addition to Salineville; lots 56, 57 and 58 in Williams' addition to Salineville; a five-acre tract in Salineville; lots 698 and 104 in McGaffick's addition to Salineville; 1.76 acres in Salineville and lot 6 in Salineville. Charles S. Speak is the plaintiff's attorney.

## CARS TO RUN TO LISBON BEFORE COLD WEATHER

Contracts Have Been Let For Construction of  
Youngstown & Southern Elec-  
tric Railroad.

### WORK STARTS IN MAHONING ON MONDAY

At a meeting of the directors of the Youngstown & Southern Railroad company held in Youngstown yesterday morning at 10 o'clock, the contract for the construction of the third rail system of an electric railway from the latter city to the Ohio river at East Liverpool, was let to Patrick Joyce, John Fawcett and Veeder Heasley, all of Youngstown.

The contractors had made a combination bid and the entire contract was let to the Youngstown parties, who will in all probability divide up the work, and push it to completion as soon as possible. The contract was to have been given out several days ago, but owing to the fact that several of the bidders were not familiar with the specifications, no bids were accepted, all being considered too high. Yesterday the competing firms were in possession of all the details and no difficulty was encountered.

The bidders were Bracey & Co., Chicago; Winters & Co., Butler; Hill & Son, Pittsburg; Datson & Gray, Youngstown; and the Detroit Construction company, represented by a man named Wilhelm. The firm of Hill & Son, of Pittsburg, is now engaged upon a large contract for the Mahoning Valley railway near Youngstown, and

it was thought they would be successful in securing the contract since they had a great quantity of the materials and apparatus on the ground at the present time. The Mahoning county contractors secured the important job, however, and work will be commenced soon.

It is said the provisions of the contract will make it necessary for the contractors to start the work on or before June 15. This will allow but a very short time in which to make preparations, but makes it absolutely certain that the promoters of the road are in earnest and mean to lose no time in putting the line in shape to be operated.

A start will be made at the Youngstown end of the route. The company had several good reasons for this, the principal one being that the northerly terminus is the most logical from a financial point of view. It has been stated before that the Youngstown & Southern would be a three rail system and that it was the intention of the projectors to not only carry a vast amount of freight, but that several coal fields on the route would be opened up and the minerals underlying transported to the market by

abundant means to develop the site. He has his plans, but beyond a few meager facts gathered yesterday he could not be induced to disclose his intentions. The property lies at the corner of Fourth street and Mulberry alley. It runs to Church alley on the south. The lot is a large one and is especially adapted to the purpose to which Mr. Moore expects to devote it. Within a few weeks it is the intention to begin the erection of a handsome brick building on the site, and when it is completed an up-to-date undertaking and lively business will be opened in the new structure.

Mr. Moore is an enterprising business man, and being possessed of sufficient means to carry out almost any project he may take up, will be an addition to the city which cannot help but be appreciated. The gentleman intimates that he has other interests in this city, and expresses himself as being pleased with the future of the city from a financial standpoint. The transaction just closed was put through by the E. W. Hill real estate agency.

## HEIDRICK'S CASE STILL UNSETTLED

The Motorman-Painter's Occupation Again Under Investigation.

### COMPLICATIONS ENSUING

Later developments in the case of Charles Heidrick, a member of East Liverpool division No. 52, A. A. S. R. E., go to show that the matter will not be dropped at the point where the News Review left off a few days ago.

Local union No. 165, painters, took up the question at its last meeting, and the members prepared to push it to the very end. Business Agent House, of the painters, states Heidrick refused to quit work upon a building he was painting at the request of the former and that later he was called off the job by the employer. Since that time the motorman has been endeavoring to make amends in some way to his organization. He first consulted President Kontner, of the street railway men's union, and did his best to have some action taken which would make his standing right with division No. 52. Mr. Kontner was on duty at the time, and had not heard of the occurrence until informed by Heidrick. Kontner refused to have anything to do with the matter, preferring to allow the painters to pass upon the case before permitting it to go before the organization.

Heidrick was compelled to ride upon the forward end of the car while talking to the motorman, and this being against the rules of the company, the motorman was given seven days' lay-off for the offense.

To the present Kontner is unable to figure out how he is to blame in any way, and it may be that the matter will be brought up in connection with the Heidrick case.

Meantime the painters have been active, and the officers have called a special meeting for tonight at which time the members will take some definite action. A meeting of the street railway men's union has been called for 1 o'clock tomorrow morning to act upon the findings of the painters.

## POTTERS' MEETING WAS HARMONIOUS

Manufacturers Return From the Conference Held at Atlantic City.

The meeting of the manufacturing potters at Atlantic City was concluded yesterday afternoon and a few of those in attendance from this city arrived home this morning. When approached this afternoon they refused to discuss the decision that had been reached in regard to the demands of the operatives, further than that a conference would be held.

Most of the manufacturers at the meeting are members of the United States Potters' association and it was given out by one of those who returned today that its affairs were up for discussion. No changes were made in the selling agreement. It is stated. Several firms, that remained on the outside at the time of the organization, were taken into the association at the meeting.

W. R. C. to Decorate.

Lisbon, June 13.—(Special).—Members of the Lisbon Women's Relief corps will decorate the graves of their deceased comrades Sunday afternoon.

## POPULAR DECISION ABOUT GARBAGE

Made By the Board of Public Service at Last Night's Meeting.

### CANS TO BE PROVIDED

And Residents Will Be Required to Deposit All Garbage in Them and Have Them Dumped Weekly—Manure Boxes to Be Removed.

Robert Burner, manager of the Sanitary Reduction company, met with the board of public service last evening and imparted the intelligence that he has been arranging for several weeks to obtain enough garbage cans to supply every resident that is willing to pay the company for hauling the cans away when they are full. He has only ordered a few cans, but will order just as many as are demanded.

The company has found that the cans can be furnished free of charge to patrons and that it can afford to remove the garbage once a week for 50 cents per month. There is an ordinance providing that cans must be used by families and the board intends to insist that the ordinance is complied with. It was the wish of the board to give Mr. Burner the contract for hauling away the garbage, but it discovered that it had no right to do so, the people being left to hire whoever they please. However, the residents will have to employ some one, because the garbage will not be allowed to stand for a longer period than a week. When the new cans are adopted generally there will be no more holding of nostrils to divert disgusting effluvia, a realization that has been looked forward to for years.

The board asked Mr. Burner if he could burn manure in his furnace and he replied that it could be done, but that he was not ready to offer a figure on the cost. He was instructed to make an estimate and report at the next meeting. The disposal of manure is bound to be a perplexing problem. The board ordered that all manure boxes be moved from alleys, streets, etc., and that they be emptied regularly. There is only one spot in the city that can be used as a dumping ground for the manure and it is thought that the owner of the dump will prohibit the practice in a few weeks. It was in anticipation of the conditions that caused the board to take steps to procure a place and no better plan is known than to have the manure burned. Street Commissioner Dickey and Sanitary Officer Burgess will see that the order compelling the removal of the boxes is enforced.

R. C. Simms and Hal Harker appeared before the board in behalf of Monroe Patterson. They made the assertion that Patterson has improved the thoroughfares surrounding the foundry until one would hardly know it. Mr. Simms said: "We have used Walnut street and will do it again." The board made no retort, and the two men left the meeting, well satisfied that they can carry on business as before, if they clean up occasionally.

Serious objection was raised to certain residents on Avondale street being allowed to keep their sidewalks covered with bricks, dirt, tin cans and other such things. The commissioner was instructed to notify the parties and if they do not repair the walks at once, the city will do it and charge the owners on the tax duplicate.

A communication from the board of health, asking that something be done to have the people that have connected their sanitary pipes to the storm water sewer disconnect at once, was discussed at length. The board finally decided that an investigation should be made and the people notified to detach their pipes. Sanitary Officer Burgess and Engineer Kelly were ordered to make the investigation.

The bill of Harrison Rinehart, for paving a sidewalk on Fifth street, that has been before council upon numerous occasions, finally found its way into the hands of the board and it deferred it until the next meeting when both Mr. Rinehart and the engineer will be present. Rinehart claims that he was allowed or instructed by the assistant engineer to lay the sidewalk exactly as it now lies.

New Trial Refused.

Lisbon, June 13.—(Special).—A new trial has been refused in the case of Horace G. Tetlow against George W. Allen, of Washingtonville.

## TWO DEMOCRATS KNOCKED OUT

Tom Johnson Gunning for Legislators Who Voted Contrary to His Wishes.

Columbus, June 13.—(Special).—Tom Johnson has successfully knocked out two Democratic legislators who voted for the curative act in opposition to his wishes. Tom swore he would make it impossible for the Democrats who were for this bill to get back into the legislature and he is certainly keeping his word.

Representative Earhart, of Mansfield, was his first victim. He entered his county and prevented his renomination for another term as representative. Yesterday Perennial Bill Gear, of Wyandot, who has been holding office for years, announced his retirement from the race for senator. Gear is the man above all others Johnson singled out for defeat in case he should come out again and in retiring he saves himself from such a fate.

## SAVED FROM RIVER AND TAKEN TO JAIL

Drink and Unrequited Love Nearly Caused Thomas Goodlin to Be Drowned.

### RESCUED BY TIM DAILEY

As the result of drunkenness Thomas Goodlin, a young man of Cook's Ferry, Pa., tripped while walking along the outside gunnels of the wharfbat this afternoon and fell into the river. His escape from a watery grave was exceedingly close, and to Tim Dailey, the well known business man, he owes his life.

Mr. Dailey happened to be on the wharf, a few yards from the boat, when he heard a splash and the cries of a man. The true situation dawned upon him instantly he ran onto the boat, procured a rope and lost no time in throwing it out to the drowning man, who by this time was almost past making an effort for safety. After a hard struggle, Mr. Dailey succeeded in pulling Goodlin to shore, and he was then taken on the boat and worked with until revived.

Officer McDermott was apprised of the man's condition and when he found him he was laid out on a coal flat. He was placed under arrest and landed in the city jail. He insisted that a hearing be granted him, but he was too drunk to permit it and will remain a prisoner until late this evening.

Goodlin was very talkative in his cell and showed signs of temporary insanity. He imagined that a young man, who, he says, is jealous of him, because he has won the heart and hand of a Hookstown lady, cast him into the river and says that when he gets out he will make it warm for the fellow. He says the girl loves him sincerely and that he would fight any man, regardless of size, who would try to interfere with his courtship.

He also labors under the delusion that the enemy robbed him of his purse. On his person were found a number of love letters and a large batch of valueless articles. He is bright looking and appears to be about 16 years old, but states that he is 22.

## BRUTAL MURDER BY EX-CONVICTS

Aged and Respected Farmer Shot By Robbers Near Columbus.

Columbus, June 13.—(Special).—One of the most brutal murders in the history of the state was committed near this city yesterday, supposedly by three ex-convicts, two of whom are under arrest and charged with the crime.

The victim was George Geyer, an aged and highly respected farmer. Robbery was the incentive for the brutal crime. Suspicion fell on Lewis Hermann and Otis Loveland, of this city. The men were recently released from the penitentiary and are known to be desperate characters. Loveland broke down after his incarceration in the county jail and made full confession, implicating a third man, who has not yet been captured.

Cold Day for Picnickers.

Salem, June 13.—(Special).—The Salem Industrial picnic is being held at Idora park, Youngstown, today. About 350 persons went on a special train.

## THE PROBLEM OF KEEPING THE CITY FREE OF DIRT AND HOW IT WILL BE MET

Important Rules Drafted by the City Solicitor and  
Approved by the Public Service Board.

The board of public service declares that the thoroughfares of the city must be kept clean. It so decided during the first week of its term and requested City Solicitor Davidson to prepare rules governing the same. He commenced the arduous task immediately and last evening submitted the following, which were adopted by the board and will be strictly enforced just as soon as they are passed upon by council:

It shall be the duty of owners and occupants of property abutting upon the streets or alleys within the city of East Liverpool, to keep such streets and alleys in front of such property clean and free from nuisance. And any such owner or occupant who refuses or neglects so to do within five days after due notice, shall be fined such an amount as may be provided by ordinance.

It shall be unlawful for any person to cast, throw, deposit or place, or cause to be cast, thrown, deposited or placed in or upon any of the streets, alleys, sidewalks, or public places of the city any manure, paper, slops, offal, ashes, cinders cans, vessels, bottles, sweepings, dead animals, putrid substance, or any similar waste, or refuse or offensive matter, and any such person, upon conviction thereof, shall be fined such sum as may be provided by ordinance.

It shall be unlawful for any person to deposit or place, leave or cause to be left, or deposited upon any street, alley, sidewalk or public place of the city, any boxes, barrels, bricks, lumber, vehicle, or any other article or thing whatsoever, or leave or cause to be left such article or thing to the obstruction of such street, sidewalk, alley or public place, and to the annoyance of any other person, or permit or suffer any gate to hang or swing out on any pavement unless a permit be first obtained from the board of public service; and any person convicted thereof shall be fined such sum as may be provided by ordinance, provided, however, that such prohibition shall not apply to merchants, manufacturers, or dealers using and occupying a space on the sidewalk abutting upon their place of business, not exceeding two feet; nor to any person making reasonable use of such street, alley, or sidewalk in loading or unloading material to be used for, or in the construction of a building or improvement of property abutting thereon; nor to any person temporarily leaving a vehicle, bicycle, or similar thing upon any street or alley.

No person shall engage in any game commonly known as ball, base ball, foot ball, snow ball, shinney, or any

## NORTHERN SECURITIES HAS BEEN DISSOLVED

Adverse Decision of Federal Court Puts It Out of Business.

New York, June 13.—(Special).—It was reported authoritatively on Wall street today that the Northern Securities company has been voluntarily dissolved. While the announcement created some surprise stocks were not greatly affected. The properties held by the company will be returned to the former owners.

The dissolution is thought to have been caused by the adverse decision of the United States circuit court.

## FIVE LIVES LOST IN TENEMENT FIRE

Italians the Victims of an Incendiary Blaze on the East Side, New York.

New York, June 13.—(Special).—Five lives were lost in a tenement house fire on the east side of the city last night, the victims all being Italians. The fire is known to be of incendiary origin.

A panic prevailed when the flames were discovered and many escaped by jumping from the windows. Quick work of the firemen saved the lives of many.

Election Held by Kilmens.

The officers of No. 9, N. B. of O. P., were not disappointed at the attendance at the meeting last night. The turnout was larger than at any time during the year, and the meeting was greatly enjoyed. The most important business was the election of officers, which resulted as follows: President, Thomas Neal; vice president, Harry Hayes; recording secretary, George Smith; corresponding secretary, E. Bradfield; financial secretary, A. V. Gilbert; D. F. S. R. R. Burger; inspector, Frank Johnson; guard, Nicholas Wynn; trustee, William Cuthbert.

## VOTE-GETTING VERY LIVELY

Contestants and Their Friends Hustling With Results That Count.

### HOW THE LIST STANDS

The voting business is flourishing, despite the bad weather, and the several candidates for News Review prizes have reason to feel flattered at the evidence of their popularity as shown by the totals of the vote cast for them. The race for second place continues almost a tie, with the two rivals and their friends all hustling to get ahead. Voters should not forget that all series E coupons should be sent in tonight.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside park...	24,747
J. E. Anderson, Lincoln avenue...	20,605

## News and Notes About The Potteries

### OBJECT TO CHINAMEN.

The same objection that was raised at the last meeting of Trades and Labor Council over members of local labor unions patronizing the Chinese laundrymen, has been taken up by the locals of the N. B. of O. P. and it looks as though there is hard sledding ahead for the "no checkee, no washee" men. It has been pointed out that both the local steam laundries carry the label of the laundry workers' union, and that the manufacturers have granted all the demands made upon them by the union. If the spirit of unionism is carried out among the advocates of organized labor their patronage should go to those who conform to union principles, is the doctrine advanced by the leaders of the movement. Resolutions are being passed by the locals to the effect that members refrain from patronizing the Mon' gollans.

### ANOTHER CLAY FIND.

The discovery of valuable clay deposits near the abandoned works of the Mishler Pottery company, Canton, has interested a number of Pittsburg capitalists, who have decided to reopen the old pottery and build a large addition to the works. Application for papers of incorporation have been made, and the plant will be in operation in a short time. Those interested in the enterprise are W. H. Greenwood, chemist, of McKeesport, Pa.; Audley Calhoun, of McKeesport, and Dr. Calhoun, of Canton. The company proposes to manufacture pottery and later the making of tile and fire-proofing will be taken up.

### NO. 12'S OFFICERS.

The Jiggersmen have elected, the following officers for the ensuing six months: Frank Gratton, president; Bert Allison, vice president; George Smurthwaite, recording secretary; John Reark, financial secretary; Ed O'Neill, one per cent secretary; William Maley, treasurer; Charles Moore, trustee; Inspector, George Hughes; guard, Fred Goppert. The treasurer serves for a term of one year and the trustee for 18 months. A resolution against patronizing the Chinese laundries was passed and action upon several other matters was taken. The meeting was well attended.

### WILL MAKE CHANGES.

Dan McCarron, of the Dresden, who recently resigned his position there to accept the superintendency of the Shenango plant, New Castle, will take charge July 1. It is stated that he will make many changes among the firemen and workmen, among them a new kiln foreman. Mr. McCarron has ideas of his own about conducting a pottery, gained from long experience with a successful plant, and he will put them into effect at New Castle.

### OFFICERS OF DERRY LOCAL.

## LAST END

JUDGMENT FOR \$6  
RENDERED BY DEFAULT

Chancy Failed to Appear as Defendant  
in Suit And Plaintiff Gets  
the Verdict.

Ross Chancy, who was sued in 'Squire Carman's court by Henry Twiford for a board bill of \$6, failed to appear this morning at the hour set for the hearing of the case and judgment was given the plaintiff in the full amount. Chancy had prepared to fight the case and had four witnesses subpoenaed in his behalf. Only one of the witnesses showed up. Chancy was seen in the East End a short time before the case was to be taken up and his reason for not appearing could not be learned. Twiford's wife was the only witness summoned for that side of the case. J. E. Davis was his attorney.

Twiford told the justice this morning that he wanted to bring another action against Chancy. He and his wife both stated that after the suit had been entered Chancy appeared at their home in an intoxicated condition and made threats against Twiford. It is claimed that Chancy promised Twiford a good body beating for entering the suit against him. The justice advised that they wait for a repetition of the offense before lodging a complaint.

## Young Couple Married.

Miss Bertha Malt and Charles O. Weddell, two prominent and popular East End young people, were united in marriage at 9:30 o'clock last night by 'Squire L. W. Carman. The ceremony was performed in the office of the justice and only the immediate friends of the contracting parties were present. The bride is a well known and amiable young lady with a host of friends in the East End. The groom is a popular young man, and both have the best wishes of the entire community for a long and happy life.

## Has Purchased Property.

E. E. Birch, the Calcutta blacksmith, has purchased a fine residence on Pennsylvania avenue from Alex. Chaffin. The purchase was made as an investment and the property will be rented to a tenant. Mr. Chaffin is starting two new houses on Pennsylvania avenue.

## Gamblers Were Fined.

True to their promise to Officer Fisher, the trio of youngsters caught playing poker in a box car appeared before Mayor Weaver to answer the charge of gambling within the city limits. They were each fined \$1 and costs and given a good talking to by his honor.

## EAST END AFFAIRS.

Miss Bessie Jackson is visiting with Irondale friends.

THE NEW POSITION  
IN TRADES UNIONS

Plan For a Walking Delegate For  
All Locals Under  
Discussion.

## NOT FAVORED BY POTTERS

But Warmly Advocated By Other  
Union Men—Trades And Labor  
Council Soon to Consider And Act  
Upon the Question.

An agitation was started several months ago in the Trades and Labor Council for the creation of a new position among the trades unions of the city, the purpose being to save much time and a great deal of annoyance to the members of the several building trades and other organizations. When the movement was inaugurated it was opposed by the pottery locals, and for that reason was abandoned by the men who had first called attention to it.

The original plan was to retain a man to be known as a walking delegate or business agent, and instead of representing one single trade, as is true of many unions in the larger cities, he should handle the business of every trades union affiliated with the Trades Council. The task, it was realized, would be no easy one, but it was thought the right man could be secured, and that scores of petty questions could be settled by him without the annoyance and expenditure of time attendant upon the appointment of committees and the consumption of time from the work of the members. Those proposing the scheme had a feasible plan, and it was outlined in detail at several meetings of the council before it was finally killed. These men proposed that each of the some 35 unions pay in a stipulated sum each month to pay the business agent for his time. It was the opinion of the promoters of the plan that the services of the walking delegate could be secured for a sum not to exceed \$75 per month. When the amount was divided up among the various unions, it was thought no one of them would be hurt by the drain, and when it was considered that much good could be accomplished by the agent, the investment would be a very good one.

It is likely the question will again be raised within the next few weeks, and this time the supporters of the plan will come to the Trades Council with sufficient support to carry their scheme to a successful issue. The fact that the plan was not adopted on the previous occasion is attributed to the fact that at that time the building trades were in an unsettled condition, and a little later two of them went on strike. The troubles of one of these unions has not yet been settled, and it is probable it will be prolonged for an indefinite period. One of the advocates of the plan has this to say in behalf of the project:

AT BED TIME  
I TAKE  
A  
PLEASANT  
MORNING  
DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW  
AND MY COMPLEXION IS BETTER.  
My doctor says it acts gently on the stomach, liver

## EYES SPEAK

Volumes, at times, of woman's happiness or misery. The dull, sunken eye, with its dark circles almost surely speaks of womanly ill health, and its attendant suffering. With the dull eye goes usually the sorrow, sunken cheek, the drawn mouth, the shrunken form—the whole effects of woman's beauty marred by the slights of disease.

Dr. Pierce's Favorite Prescription cures the diseases which underlie the above and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and is handled confidentially. Address Dr. R. V. Pierce, Buffalo, N. Y.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine," writes Mrs. Pierce, of 52 West Phila. Street, York, Pa. "Will recommend Dr. Pierce's medicine to every person who may inquire as to what I have done for me. I was troubled with female weakness, and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 105 pounds, at present it is 130. Have healthy color and my friends say I look well. My best thanks to you and my best wishes, too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

"It is natural that the pottery locals will not favor the plan. They have their national headquarters right here in town, and when a dispute arises all they have to do is to carry it to the national officers. It is a mighty sight different in other trades. We have a hundred and one disputes which never reach our national head. These matters are none the less important, because they are considered too trivial to be thrust upon our national officers, because in many instances they mean the making or breaking of the local organization. What we would like to have is a man who can be trusted to take care of these matters in the name of the central labor union. Besides the prestige which this will lend the cause, the several unions will be relieved of the task of investigating, and the work which would be necessary could be performed by the agent. Trades Council is to have another opportunity to adopt the plan, and if the members do not see fit to embrace it we will of course give it up for the time. But it will not be abandoned by any means, and just as soon as we have the opportunity it will be brought up again."

THE DRUG TAX  
A BAR TO SCIENCE

Our Patent Laws Have the Opposite  
Effect from Encouraging  
Invention.

Few people know that at present the patent laws of our country make it possible to levy a blood tax on many articles "made in Germany" that are used by the sick and afflicted, the very persons the government would naturally be expected to shield from imposition.

Take phenacetine. It sells in Germany, where it is made, at 25 cents an ounce, here at \$1 an ounce. Why? Germany, like most civilized countries, does not grant patents on articles used in the healing art. The United States does, and an enterprising citizen took out a patent for this article, which is not made here, and under our monstrous laws phenacetine cannot be sold in this country except by the holder of the patent, and his price is \$1 an ounce wholesale.

Our patent laws were originally devised to encourage scientific investigation, but in such cases as this the opposite effect is produced. No matter if you should find out a new process for making phenacetine, under this infamous law no phenacetine can be made or sold here except by the holder of the patent, who is at liberty, and makes good use of it, to "hold up" the sick and suffering to the tune of \$1 an ounce for an article costing 25 cents in Germany. As stated before, most civilized countries do not grant patents on articles used in medicine. Our own country is the inglorious exception.

Antipyrine is in the same category. It used to cost at whole \$1.40 an ounce. When the unjust patent expired the blood tax was wiped out, and it now sells at 25 cents an ounce. Take sulfonal as another illustration. Several manufacturers in Germany are making this valuable chemical because that effect monarchy encourages scientific research, and the aniline industry, with all of its important bi-products, is a monument to the wisdom of this policy. A smart American citizen patented the article, sulfonal, in this country, and now levies his blood tax on the poor and suffering of "free America."

Germany grants patents only on the process of manufacture, not on the finished product, and the German patent

law holds out inducements to the discoverer and the inventor to go ahead and find new ways of making these chemicals, and each new way can be patented. America says to the student of chemistry: "Don't trouble yourself about finding out new ways of making anything that is patented; you will not be permitted to sell it."

Our laws should be so changed that no patent shall be granted on articles used for food or for medicine. It is beyond all reason that the inventive genius of Americans and the conspicuous ability of our chemists should be kept down by these monstrous laws especially when the greatest sufferers from the injustice are those least able to bear the burden. Congress should lose no time in wiping out this disgrace, and the people of America should not rest until it is done.

## The World's Famous Catarrh Remedy---Pe-ru-na.

Senator W. V. Sullivan,  
United States Senator Sullivan from  
Mississippi writes the following endorsement of Peruna:

"I desire to say that I have been taking Peruna for some time for catarrh and have found it an excellent medicine, giving me more relief than anything I have ever taken."—W. V. SULLIVAN.

Congressman Romulus Z. Linney,  
From North Carolina, writes:

"My private secretary has been using Peruna for catarrh. He had as bad a case as I ever saw, and since he has taken one bottle he seems like a different man. I don't think any man who is under a nervous strain should be without it. I cannot express the good it has done him."

John B. Clark, Ex-Congressman,  
Was ten years a member of Congress from Missouri and for six years Clerk of National House of Representatives, writes:

"I can recommend your Peruna as a good, substantial tonic and one of the best remedies for catarrhal troubles."

Ex-Congressman A. H. Coffroth,  
Somerset, Pa., writes:

"I am assured and satisfied that Peruna is a great catarrh cure, and I feel that I can recommend it to those who suffer from that disorder."

Men of prominence all over the United States are commending

Peruna. Over forty members of Congress have written their endorsement of it. Scores of other government officials speak in high praise of it. Thousands of people in the humbler walks of life rely upon it as a family medicine. Send for free book of testimonials.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

The news that work is about to begin on the Youngstown & Southern railway will be hailed with great satisfaction all along the route. There will be disappointment, of course, that work on this end of the line is not to be pushed this year. But having waited with reasonable patience for many years, East Liverpool will take the matter philosophically. Rome was not built in a day, and it is rare that such a task as completing 50-odd miles of railroad through a hilly country is completed in a year. The fact that the railroad is headed this way and the prospect that some time next year we may be able to reach our county seat without traveling four times as far as is really necessary is something pleasant to look forward to.

The Kansas Forestry Commission points out that less than the \$25,000,000 of property destroyed by the floods at Kansas City and Topeka, would have provided a system of reservoirs and canals, whereby the waters could have been impounded and used for the irrigation of the low plains, almost arid. The lesson of these spring floods is yet to be learned. They are annual, regular and destructive, and the succeeding droughts almost equally so. Still human wisdom can and must provide a remedy. The annual loss is bound to grow as the country grows until the necessary remedial steps are taken.

Chicago would be an excellent field just now for a school of practical housekeeping. Scarcely had the laundry workers' strike ended ere the hotel and restaurant cooks and waiters quit work, leaving thousands who had been accustomed to rely upon meals prepared outside the home kitchen to get along as best they could. It is said fashionable women are now turning cooks and waitresses. Well, the employment is useful and honorable, and the experience ought not to be without its value.

Those who are predicting that Tom Johnson will be next year's Democratic candidate don't seem to realize that capturing the whole country is a very different thing from taking possession of the city of Cleveland. Tom can fool some of the people, but when he starts out to fool them all he has a task too big for him.

Death removed a brave and fearless son of Columbiana county when it took General Alexander McDowell McCook. In a few years more there will not be a conspicuous figure of the civil war period left alive.

Kings and queens are not to be envied, especially if they live in a country where life is held cheap and the revolution habit is strong.

The condition of affairs in Serbia

must have been bad indeed if the government is expected to be better with murderers conducting it.

The theory that the Missouri river is destined to dry up has been knocked in the head for this year.

"It is a 'fine' day" is a remark seldom heard of late outside the police court.

## OBITUARY

Miss Stella Good.

Mr. and Mrs. William Nath. Mr. and Mrs. William C. Davidson, Mrs. P. J. McKeone and Mrs. D. B. McNicol have returned from Steubenville where they attended the funeral of Miss Stella Good, who died in that city on Wednesday, and who was a relative of the parties named. Miss Good was the daughter of Felix Good, the well known Steubenville baker, and the cause of her death was consumption. The lady was very well known in this city, where she has visited frequently. Several months ago she was sent to California in the hope that her health might be benefited, but she grew steadily worse and died at the time stated.

Mrs. Sarah Bough.

Mrs. Sarah Bough, aged 55 years, the wife of M. H. Bough, of East Fifth street, died last night at 7 o'clock after many months of suffering. The funeral services will be held at the residence Monday afternoon at 2 o'clock. Rev. C. G. Jordan will officiate, assisted by Rev. J. L. Swan and Rev. Dr. J. C. Taggart. The interment will be made in Riverview cemetery.

Mrs. Bough was the daughter of Mr. and Mrs. John March, now deceased, and was born in St. Clair township, near Cannon's Mill. She united with the Presbyterian church when 17 years of age and has been a member of the First Presbyterian church of this city for 25 years. She was active in church missionary work, devoting a great deal of her time to the service of the Master. The members of the congregation will miss her greatly.

About a year ago Mrs. Bough was attacked with a cancerous growth on the face and six months ago she was taken to a Pittsburgh hospital, where an operation was performed. She appeared to be free from the dread disease for a short time, but it returned and she grew steadily worse until the end came at the hour stated. While her suffering was intense she bore it with true Christian fortitude. During the last few days the pain left her entirely, and the end came peacefully.

Mrs. Bough is survived by her husband and two children, Clifford A. Bough and Mrs. Frank W. McCurdy, both of this city.

Marines, Jr., Won One Game and Lost One at Rochester.

The Marines Juniors were at Rochester yesterday, where they played two games, winning one and losing one. The morning game was called after five innings of play with the score 6 to 5 in favor of Rochester. Smith and Jackson was the battery for Rochester and Webb and Price for the Marines. The tables were turned in the afternoon, the Marines winning by a score of 9 to 4. The batteries were: Gilson and Woods for Rochester and Van Fossen and Price for the Marines.

## CARS TO RUN TO LISBON BEFORE COLD WEATHER

Continued from First Page.

means of the railroad. The first of these deposits of coal lies near North Lima, and will be opened at once. It is the desire of the parties interested in the building of the road to have the system completed as far as Lisbon, and in full operation to that point by the time rough weather sets in.

Members of the company announce that a start on the construction work would be made at several points on the route this summer, though it cannot be hoped to have it completed and actually in operation this year. The franchise secured from the East Liverpool council will be lived up to in every respect, say the promoters, and it can be announced with absolute certainty that some work will be done here within the next few weeks. The franchise secured in this city provides that the construction of the railroad be commenced on or before July 1, 1903, and that work to cost not less than \$5,000 be completed by July 1, 1904. This will necessitate hard work on the part of the contractors, and they must act promptly, but it is thought they are equal to the task. The privileges secured here only extend from the corporation line to a point on Sheridan avenue west of West Market street, and when the construction in this city is once started it can be completed in a hurry and in a very short length of time. Local people assert that even if the franchise did not specify the time limit, the contract of the company with the Bloomfield Land company would hold it to the line, in that it says the road must be constructed in a stated time or the right of way will be invalid. It will be remembered that the rights of way down California hollow were secured and held by the Bloomfield company several years ago, and under certain conditions were transferred to the Youngstown & Southern when its promoters came this way last winter.

The Youngstown & Southern is capitalized at \$1,000,000, and the same directors are interested in a system known as the Youngstown & Salem. This latter project has not reached the point where a contract can be let, but is none the less a certainty. While the capitalization is separate and it may not be constructed as speedily as the other enterprise, the same parties are behind it and the same money interests are involved. The Youngstown & Salem is capitalized at \$300,000, and will be financed by C. B. Phelps & Co., and Baker, Ayling & Co., both of Boston.

These firms are also furnishing the money for the Youngstown & Southern. G. B. Baker, a member of the firm of Baker, Ayling & Co., with John H. Ruhman, secretary and treasurer of the company and J. W. Long, one of the real estate agents connected with the deal, arrived in the city at 10 o'clock this morning, having driven from Youngstown. The Boston man was desirous of seeing the route, and a start was made from Youngstown at 3:30 yesterday afternoon. Mr. Baker expressed satisfaction with the outlook and the territory through which the proposed line is to be built. Messrs. Ruhman and Long returned to Youngstown at noon today while Mr. Baker left for Indianapolis to spend Sunday with his family.

## WILL REED'S STATEMENT

Mi-o-na Costs You Nothing if It Does Not Cure.

To the Editor of the News Review: The unusual statements in the advertisements I have published for Mi-o-na have led some people to ask if I really meant all that I said in regard to this preparation. The best reply I can make is to publish over my signature a statement of what Mi-o-na will do and the unusual terms under which I am selling it.

1. Nine-tenths of all sickness is caused by some kind of indigestion. As Mi-o-na cures indigestion in any form and restores healthy action to the whole digestive tract, it will cure nearly every case of poor health.

2. The dyspeptic is ordinarily thin and emaciated, with sallow complexion, sunken cheeks and flabby flesh. Mi-o-na will cure dyspepsia and those who use it will find every part of the body filling out with firm, solid flesh, so that all the outlines become plump and pleasing.

3. The benefit from Mi-o-na is not merely temporary. This remedy aids digestion and restores natural and healthy action to the digestive organs so that a permanent cure results.

4. The strongest evidence I can give of my faith in Mi-o-na is my personal agreement to return the money if it does not give satisfaction. Although I have sold hundreds of packages under this guarantee, yet only one out of every hundred has asked to have the money returned. I am always ready to refund the price of Mi-o-na to any one who is not satisfied with it.

Respectfully yours,  
WILL REED.

Contractor Joyce, of Youngstown, has 200 teams employed about the mills and furnaces at Youngstown and will put 50 teams at work Monday morning. Additional teams will be purchased and put to work as soon as possible. The engineers and officials of the company will be in Lisbon next week to decide upon a route through that town. While in Lisbon last evening they promised to have cars running from Youngstown to Lisbon by November.

The Leontina & Salem road, projected and backed by the same men

as the Youngstown & Southern, will at once be arranged for. Work will be begun immediately securing rights of way for this branch.

## WELLSVILLE

ITALIANS CRUSHED  
BY FALLING ROCK

Two Men Badly Hurt While Loading Dirt in Wells' Hollow.

While loading dirt at Wells' Hollow, a short distance east of Wellsville, yesterday, two Italians were the victims of a painful accident. One had his leg broken below the knee and the other his ankle badly sprained. The men were working for Contractor E. K. Anderson and he was overseeing the work. These men, with several others, undermined a large stone and when Mr. Anderson saw that enough dirt had been removed from under the rock he told the men to stay away. They would move away but would gradually return to the stone. Mr. Anderson saw the boulder giving away and called to the men to get from under it.

There were four men working under it at the time and when Mr. Anderson called they all jumped away but the two Italians, and the rock fell on them, pinning their legs to the earth. After considerable trouble the two men were released. They were taken to the Italian headquarters on Third street and Drs. Holland, Tarr and Parke were called and the injured limbs were dressed. There being no place in this city where the injured men can be taken care of they were taken to a hospital in Pittsburgh this morning.

NEW FERRY BOAT  
HAS BEEN LAUNCHED

Better Facilities For Crossing to Congo Soon to Be Afforded.

The city council some months ago granted Watson Johnston the right to operate a ferry between Wellsville and the opposite side of the river. The work of building the ferry boat was started the first part of May and according to the franchise was to have been completed by the first of June. The boat has been launched in the river and the finishing touches are being administered. It will be operated by a small gasoline engine.

Since the construction of the new boat has been in progress a flat boat has been in operation. It is of the very rudest type and takes about half an hour to cross the stream. It is not only an inconvenient thing, but it is unsafe and can only be run in the calmest weather.

The people of Wellsville, who have occasion to cross to the other side are greatly disappointed in the new boat. They expected something that could cross at any time and think as a gentleman said a few days ago: "That boat will never do. It is too small and can only run when the water is smooth." It is hoped, however, that the new boat will surpass its looks and do the service required of it in a satisfactory manner.

## FOURTH OF JULY

Meeting Called For Tonight to Make Arrangements for Celebrating.

Mayor Fogo has issued a call to all the residents of Wellsville, who are interested in a big Fourth of July celebration, to meet at the city hall this evening. Several committees will be appointed to take up separate lines of entertainment.

The mayor is deeply interested in this project and is giving considerable of his time to the movement.

## KILLS GERMS OF CATARRH

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Thousands of testimonials have been given as to the astonishing cures made by this remedy. J. S. Nugent, treasurer of the American Union Life Insurance company, of New York city, writes: "Hyomei has completely cured my daughter of catarrh from which she had been suffering for years."

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that Will Reed will agree to refund the money if you say Hyomei has not cured you.

Now is a good time to cure your catarrh.

## TAX COMMISSION

Gets Together And Organizes Preparatory to Tackling City Problems.

The Wellsville tax commissioners, J. J. Grafton, A. J. Brennan, W. J. Maloney and P. M. Smith, held their first meeting in Judge Smith's office. The first business was the election of officers. A. J. Brennan was elected president, J. J. Grafton vice president and C. R. McGregor secretary. Secretary McGregor was ordered to instruct City Solicitor Boyd to take the necessary steps to change the floating indebtedness of the city to bonded indebtedness.

As there is no salary connected with this office \$20 was appropriated from the sinking fund to pay the premium on surety funds required of each member.

Mayor Fogo was authorized to rent the third floor of the city hall and collect the rental for the same. Secretary McGregor was ordered to instruct City Treasurer Andrews no longer to keep separate bond accounts, but to embody the same into a sinking fund. The commissioners will, at the next meeting, present to council the levy for the ensuing year, which will be 10 mills for all city purposes. The meeting adjourned to meet at a call from the president.

## Watchman's Shelter.

The Cleveland & Pittsburgh railroad company has taken advantage of the privilege granted by the Wellsville city council and has erected a watchman's shanty between Sixteenth and Seventeenth streets. The shanty is small, being only 3x5, but affords a very comfortable shelter for a man at night. It extends about a foot and a half over the fence onto Main street but does not hinder traffic a particle. The little building was completed a few days ago and is very much enjoyed by the night watchman.

## Resignations Ready.

Just what the trouble may be is not known, but at the next meeting of the J. W. Reilly camp, Sons of Veterans, it is said that every officer will hand in his resignation. Why this step will be taken cannot be learned, but it is said a thorough reorganization will result.

## Children's Day.

## NEW CUMBERLAND FOLK

Several Hundred of Them Visited Rock Springs Park And Had a Good Time.

Three hundred people from New Cumberland and the immediate vicinity visited Rock Springs park last evening and the occasion was one long to be remembered. The summer theater, the other forms of amusement in addition to an enjoyable dance at the pavilion, made up an evening of pleasure which it is seldom the good fortune of New Cumberland people to enjoy.

The train arrived a little before 8 o'clock, and no time was lost in entering upon the full enjoyment of the occasion. The party from Chester's southern suburb thoroughly appreciated the good things provided, and the start home was made about 11 o'clock. It is likely this will not be the last trip to be made from the neighborhood during the season.

## Afflicted With Whooping Cough.

The family of Jack Tinson has been afflicted with whooping cough for several weeks. Three children have been very ill. Mr. Tinson is barn boss of the East Liverpool & Rock Springs railway, and resides at Tinsonville, near the park. Where the little folks contracted the disease no one seems to know, but the family is now sorely afflicted. Mr. Tinson was compelled to leave his work yesterday on account of feeling sick. Later it was developed that he had contracted whooping cough, and he is now confined to his home suffering from the annoying malady. The disease threatens to become epidemic in Chester.

## Sunday Concert Program.

Following is the program which will be carried out by McGraw's orchestra at the park tomorrow afternoon, and those who understand and appreciate good music can certainly appreciate the treat in store for those visiting the park: March, "Under One Flag," Tron Blon; overture, Lustpiel, Keler Bela; Chinese serenade, Puerner; Mili in the Forest, Ellenberg; Encouragement, Boettger; waltzes, "Dream of Heaven," Baner; Whispers, Dean; march, "Tipperary," a march in Irish style, Fulton.

## CHESTER NOTES.

Mrs. G. W. Shaffer, who has been ill at her home in Chester, is improving. Preaching services will be held at the First Presbyterian church this evening.

Excavating for the new Peole building on Carolina avenue has been completed.

## MEMORIAL DAY

Will Be Celebrated By Crockery City Tent of Maccabees Tomorrow.

Crockery City tent No. 131, Knights the Maccabees, will hold its regular annual memorial services in the hall tomorrow afternoon at 3 o'clock. Immediately after the services the members will march in a body to River-view cemetery, there to decorate the graves of deceased brothers. The lodge has made this an annual event since its organization, and it is one that every member should feel proud of.

From a small beginning the tent has developed wonderfully under the management of able officers and deputy until now it is recognized as one of the leading fraternal societies of this city. The lodge is under splendid discipline, and at the same time harmony and concert of action are noticeable everywhere. The lodge continues to grow rapidly.

## FOUR BIDS ON SEWER

Contract Will Be Let By Service Board on Monday Evening.

Four bids were received and opened this afternoon by Auditor Davidson and Engineer Kelly for the building of a storm water sewer on Bradshaw avenue, as follows: D. J. Wallace, \$9 per foot; J. Bailey, \$9.25 per foot; J. S. Shingleton, \$7.40 per foot, and J. C. Cunningham, \$6.95 per foot. The sewer is to be 407 feet in length.

The contract will be let by the board of public service at the meeting Monday evening.

## Dispute Over a Saloon.

Lisbon, June 13.—(Special.)—An action in forcible entry and detainer is pending in the court of Justice Dickinson in which Miss Frances Bradbury is plaintiff and E. O. Harris is defendant. Harris recently purchased of D. J. Job a saloon which the latter was conducting in Miss Bradbury's building on East Walnut street, the purchaser claiming to have understood that he could continue the business there. Miss Bradbury alleges that the lease has expired and that she has rented the saloon to another party and desires to give possession.

## Seeks Medical Treatment.

Lisbon, June 13.—(Special.)—J. J. Dickey, of Signal, went to Cleveland yesterday afternoon, where he will submit the stump of an amputated arm for additional treatment. He lost his arm in a saw mill accident a year ago and while the arm has healed nicely he has been suffering considerably.

## Philip R. Theobald.

## Fated To Die of Paralysis Like Father.

Helpless Invalid For Three Years.

Dr. Miles' Nervine Made My Nerves Strong.

"For many years I suffered from terrible headaches and pains at the base of the brain, and finally got so bad that I was overcome with nervous prostration. I had frequent dizzy spells and was so weak and exhausted that I could take but little food. The best physicians told me I could not live; that I would die of paralysis, as my father and grandfather had. I remained a helpless invalid for three years, when I heard of Dr. Miles' Restorative Nervine and began using it. That winter I felt better than I had before in many years, and I have not been troubled with those dreadful headaches since I first used Dr. Miles' Restorative Nervine. My appetite is good and my nerves are strong."—Mrs. N. M. Bucknell, 2929 Oakland Ave., Minneapolis, Minn.

"For many years I suffered from nervous prostration, and could not direct my household affairs, nor have any cares. My stomach was very weak, headaches very severe, and I was so nervous that there was not a night in which I slept over one hour at a time. We spent hundreds of dollars for doctors and medicine. I was taken to Chicago and treated by specialists, but received no benefit at all. Finally I heard of Dr. Miles' Nervine and began its use. I was surprised that it helped me so quickly, and great was my joy to find, after using seven bottles, that I had fully recovered my health."—Mrs. W. A. Thompson, Duluth, Minn.

### COMMENCEMENT AT BETHANY COLLEGE

Exercises Of An Elaborate Character Will Mark the Closing of a Successful Year.

Commencement exercises at Bethany college begin tomorrow with the baccalaureate sermon at 11 a. m., delivered by Rev. J. C. Slayter, of Akron. The annual address will be given by the president, T. E. Cramblett, in the evening. The various societies will have their anniversary exercises on Monday, Tuesday and Wednesday evenings. The annual commencement occurs June 18.

The college is just closing the best year in its history. The enrollment has more than doubled during the past year, making the attendance 30 per cent larger than any year in the history of the institution. The graduating class numbers 25.

The names and addresses are as follows: Frank D. Barger, Wheeling, W. Va.; B. S. Margaret Vaughn Curtis, West Alexander, Pa.; B. L. Allen Thomas Gordon, Bridgeport, O.; A. B. Louise J. Meyer, Wheeling, W. Va.; A. B. Ray Oakley Miller, Wellsburg, W. Va.; A. B. John L. McLarty, St. Thomas, Ontario, Canada; A. B. Wilis E. Pierce, Glen Easton, W. Va.; A. B. Odessa Kline Scott, Bethany, W. Va.; B. L. Hugh Wyatt, Glen Easton, W. Va.; A. B. Julia E. White, La Mira, O.; B. L. Anna B. Woolery, Bethany, W. Va.; A. B. Emma Boyd Streator, Washington, Pa.; B. L. George B. Evans, Fairview, W. Va.; A. M. Crowden, Scranton, Pa.; L. N. D. Wells, Wilkesburg, Pa.; Lottie Beable, Wilkesburg, Pa.; Mrs. Allen Murray, Pittsburg, Pa.; Lila Lewis, Wellsburg, W. Va.; William J. S. Richter, Pittsburg, Pa.; Ethel Thompson, Antioch, O.; Bertha Sprague, Bethany, W. Va.; Elizabeth Carson Charleroi, Pa.; Clyde S. Martin, Bethany, W. Va.; Stanley D. Vosper, Woodfield, O.; Harry Baker, Woodfield, O.; Eugene Smith, Woodfield, O.

**Woman Murdered.**  
Altoona, June 13.—The almost lifeless body of Mrs. Annie Canavan, aged 49, was found in a strawberry patch near her home, at Kenney, Elk county, yesterday afternoon, mutilated almost beyond recognition. She had been beaten with a pine knot found near by. The woman died a short time afterwards. The murderer escaped, leaving no clue. He is believed to have been a tramp, who attacked the woman while she was picking berries. Evidence of a violent struggle were to be found, showing that the woman defended her honor with her life. She leaves a husband and several children.

**Heavy Landslide.**  
Asheville, N. C., June 13.—The slide of a mountain caved in on the Southern railway tracks between Spartanburg and Asheville, at noon. Thousands of tons of rock and dirt completely filled one of the largest railroad cuts in the mountains of west North Carolina and effectively shut off all traffic from the south. The landslide occurred near Tryon, N. C. at the foot of Saluda mountain.

**Strike Settled.**  
Morenci, Arizona, June 13.—The strike is settled. The men accepted an offer of nine hours pay for eight hours work. The territorial guard will leave camp. Five troops of regulars from Forts Grant and Huachuca are here, Colonel Lebo in command. Italians only are not included in the settlement.

**Grain Elevator Burned.**  
Kansas City, Mo., June 13.—The exchange grain elevator in the east bottom was burned, destroying 40,000 bushels of wheat, and entailing a loss of \$70,000.

**A Woman's Complexion.**  
It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size, 75 cents. At all druggists.

Refused to Confirm Award.

Scranton, June 13.—The first district executive board of the United Mine Workers met here to take action in the cases of the Gulton and State Line and Sullivan coal companies, of Bernice, which refuse to conform to the strike commission's award. The employees claim that while these companies did not agree to be parties to the submission they should in equity subscribe to the commission's finding, at least in the matter of hours and wages. The companies claim they are not affected by the award of the commission because their product is not anthracite, but semi-bituminous. The State Line and Sullivan company was recently absorbed by the Connell Anthracite Coal Mining company, of which Hon. W. L. Connell, one of the operators' representatives on the board of conciliation, is president.

**Unpleasant Incident in Vienna.**

Vienna, June 13.—While Emperor Francis Joseph was out driving here a pedestrian, holding a stick in a threatening manner, rushed at the emperor's carriage. The coachman lashed the assailant and whipped the horses and the man was seized. The incident caused some excitement. At the police station the prisoner was recognized as Jacob Reich, an unemployed commercial agent, who called at the Hofburg January 8, and insisted on seeing Emperor Francis Joseph, declaring he was the Son of God and had brought his majesty an important communication from the Almighty. Reich, who is pronounced insane, was then incarcerated, but has since been released.

**Heavy Landslide.**

Asheville, N. C., June 13.—The slide of a mountain caved in on the Southern railway tracks between Spartanburg and Asheville, at noon. Thousands of tons of rock and dirt completely filled one of the largest railroad cuts in the mountains of west North Carolina and effectively shut off all traffic from the south. The landslide occurred near Tryon, N. C. at the foot of Saluda mountain.

**Strike Settled.**

Morenci, Arizona, June 13.—The strike is settled. The men accepted an offer of nine hours pay for eight hours work. The territorial guard will leave camp. Five troops of regulars from Forts Grant and Huachuca are here, Colonel Lebo in command. Italians only are not included in the settlement.

**Grain Elevator Burned.**

Kansas City, Mo., June 13.—The exchange grain elevator in the east bottom was burned, destroying 40,000 bushels of wheat, and entailing a loss of \$70,000.

**A Woman's Complexion.**

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size, 75 cents. At all druggists.

## MAKING LISBON LOOK HANDSOME

Experienced Decorator at Work—No Gambling Games To Be Tolerated.

Lisbon, June 12.—(Special)—Frank G. Silvers, of Philadelphia, who has the contract of decorating Lisbon for the centennial, arrived here from Canton yesterday with his decorative designs and a force of men whom he set to work on the job immediately. Mr. Silvers had the contract for the decorating at Chillicothe for the recent centennial and also at Canton for the grand lodge of the Knights of Pythias. Work on the decorating is being rushed night and day. One hundred dollars will be spent on the decoration of the court house.

The centennial board has decided to exclude all gambling devices from the city during the centennial, although there have been numerous applications which would have continually increased the revenue to be used in defraying expenses.

The court house officials have decided to close their offices an hour earlier during the few days of the centennial and have issued a statement to that effect.

## ASSESSING BOARD LEARNS THE LAW

Now Prepared to Go Ahead and Investigate the Pennsylvania Avenue Matter.

The assessing board appointed several weeks ago by council to assess the property benefited by the improvement of Pennsylvania avenue got together yesterday afternoon and applied to City Solicitor Davidson for instructions. He read the law pertaining to the work and made it plain to the board it is to assess only according to benefits. The members of the board are: John W. Hall, J. N. Vorey and John Kerr.

A morning paper added another to its long list of errors by stating that the "equalization board" had received instructions by Solicitor Davidson and had started its work. There is no equalization board and none will be appointed until the assessing board has finished its work, which will likely be but a short time, as it has the report of the former board as a guide.

## DIED IN JAIL AT ALLIANCE

Ex-City Marshal of Lisbon Passes Away Under Sad Circumstances.

Alliance, June 12.—Edward Wadsworth, formerly marshal of Lisbon, but recently one of the proprietors of Wadsworth & Starr's poolroom in Alliance, died in the city lockup about 2:30 o'clock yesterday afternoon from the effects of alcoholism.

Wadsworth had been drinking heavily lately and yesterday afternoon he was at the home of D. C. Bower on South Union avenue in an intoxicated condition. The patrol was sent for and he was brought down town and locked up. Shortly after being locked up his death occurred. The exact moment of death is not known, as after being locked up he became quiet and was lying on a bench. Chief Howell noticed that the man was in a very bad condition and sent for a physician. He and Chief August went in to see how he was doing and found him dead. The physician had not arrived. The body was placed in the city ambulance and taken to Shaver's morgue, where it was prepared for burial. He was 46 years of age and leaves a wife and two children.

## SOCIAL EVENTS

**Class Reunion.**  
The Sunday school class taught by D. M. McLane in the West End Presbyterian chapel last evening spent a most enjoyable social evening in a class reunion. In 1895 the class was organized, and it was the endeavor of Mr. McLane to have all the present members, and also former members of the class present. As far as possible the class members were present there being about 100 persons there. An excellent musical and literary program was rendered, followed by an address by Rev. J. S. Hamilton. Light refreshments were served, making the evening's pleasure most complete.

**Chautauqua Circle.**  
The Chautauqua circle meetings which have proven a pleasure to many interested in literary work in this city have been concluded. During the winter months, the ladies of the circle spent much time in careful literary research. In September the work will again be taken up with new zeal and interest. In the meantime an outline program for next winter's work will be made. As a fitting close to this successful year of the Chautauqua circle, the members will soon hold a picnic at Rock Springspark.

**Blount-Tinsman.**  
A very pretty wedding was solemnized at Monaca when Miss Eva Blount, daughter of Mr. and Mrs. J. W. Blount, of New Brighton, and I. Ferd Tinsman, of Beaver Falls, were wedded at the home of the groom's brother W. F. Tinsman. The ceremony was performed at 3 p. m. by Rev. W. H. Fields, pastor of the Christian church of Beaver. There were no attendants. The bride is well known in East Liverpool, where she has visited frequently. The groom is in business in New Brighton.

**Given a Farewell Surprise.**  
Mrs. William Beardmore, of Avondale street, was given a surprise party last evening by a number of her lady friends, with whom she has been associated in church and missionary work. A very pleasant evening was enjoyed by all. Mrs. Beardmore is to leave in a short time for a visit with relatives in England.

## WALKER WILD MAN IS CERTAINLY CRAZY

Opinion of 'Squire McCarron, Who Investigated the Case—Inquest to Be Held.

'Squire McCarron reports that he pronounced the man who created wild excitement in the vicinity of Walker throughout Thursday and Thursday night hopelessly insane. As published exclusively in the News Review, the justice made a special trip down to Walker yesterday afternoon for the purpose of investigating the case. Upon his arrival he found the man to be quieted and suffering much from his many hours of exertion.

After being convinced that the man was crazy, the 'squire telephoned to the probate judge at Lisbon and the latter stated that he would send the sheriff after him some time today. He will be given a trial and then committed to the Massillon asylum.

## PETITION IN PARTITION

Follows the Decision in the Hartley Will Case—Much Property Involved.

Lisbon, June 12.—(Special)—Close upon the result of the theatrical effort of Miss Lina Hartley to set aside the will of the late Abraham Hartley, of Salineville, in which case the will was sustained by the jury, Miss Hartley has filed a petition in partition against the remaining heirs of the deceased.

The plaintiff says that as a devisee under the will of the late Abraham Hartley she is the owner of the twenty-third part of the following real estate: Lots 1 to 12 and lot 18 in Salineville; 27 acres in Washington township; lot 87 in McGaffick's addition to Salineville; lots 56, 57 and 58 in Williams' addition to Salineville; a live-acre tract in Salineville; lots 698 and 104 in McGaffick's addition to Salineville; 176 acres in Salineville and lot 6 in Salineville. Charles S. Speaker is the plaintiff's attorney.

## CARS TO RUN TO LISBON BEFORE COLD WEATHER

Contracts Have Been Let For Construction of  
Youngstown & Southern Elec-  
tric Railroad.

## WORK STARTS IN MAHONING ON MONDAY

At a meeting of the directors of the Youngstown & Southern Railroad company held in Youngstown yesterday morning at 10 o'clock, the contract for the construction on the third rail system of an electric railway from the latter city to the Ohio river at East Liverpool, was let to Patrick Joyce, John Fawcett and Veeder Heasley, all of Youngstown.

The contractors had made a combination bid and the entire contract was let to the Youngstown parties, who will in all probability divide up the work, and push it to completion as soon as possible. The contract was to have been given out several days ago, but owing to the fact that several of the bidders were not familiar with the specifications, no bids were accepted, all being considered too high. Yesterday the competing firms were in possession of all the details and no difficulty was encountered.

The bidders were Bracey & Co., Chicago; Winters & Co., Butler; Hill & Son, Pittsburg; Datson & Gray, Youngstown; and the Detroit Construction company, represented by a man named Wilhelm. The firm of Hill & Son, of Pittsburg, is now engaged upon a large contract for the Mahoning Valley railway near Youngstown, and

it was thought they would be successful in securing the contract since they had a great quantity of the materials and apparatus on the ground at the present time. The Mahoning county contractors secured the important job, however, and work will be commenced soon.

It is said the provisions of the contract will make it necessary for the contractors to start the work on or before June 15. This will allow but a very short time in which to make preparations, but makes it absolutely certain that the promoters of the road are in earnest and mean to lose no time in putting the line in shape to be operated.

A start will be made at the Youngstown end of the route. The company had several good reasons for this, the principal one being that the northerly terminus is the most logical from a financial point of view. It has been stated before that the Youngstown & Southern would be a three rail system and that it was the intention of the projectors to not only carry a vast amount of freight, but that several coal fields on the route would be opened up and the minerals underlying transported to the market by

## FELL IN THE RIVER AND WAS DROWNED

Mrs. Emma Campbell's Tragic  
Death at Look No. 1  
in Pittsburg.

## BROUGHT HERE FOR BURIAL

The remains of Mrs. Emma Campbell, who was drowned in the Monongahela river at Pittsburg early Thursday morning arrived in the city on No. 41 this morning and were taken by Undertaker Miller to the home of her mother, Mrs. Belle Woods, Pickal street, West End, from where the funeral services will take place tomorrow afternoon at 2 o'clock, the Rev. Dr. Pratt conducting the services. Interment will be made in Riverview cemetery.

Mrs. Campbell was at one time a resident of this city. She left here years ago and married W. S. Campbell, who is now working at Jeanette, Pa. To them was born one child, a son, James, who is living in the city with his grandmother. A few years ago Mrs. Campbell secured employment as a cook on a steamboat and at the time of her death was in the employ of a towboat company. The boat on which she was working had been out on a trip. As was her custom when the boat arrived at Look No. 1, she left the boat and started to her home in the Smoky City. While walking over the big gate of the lock she tripped in some manner and fell headlong into the river.

The terrible accident was witnessed by a number of employees of the boat and lock and they did all they could to save her, but she sank from sight and they could not get her body until daylight. The remains were first removed to her home and her relatives in this city were notified. They at once ordered the remains shipped here.

The deceased leaves besides her mother, son and husband, a sister, Miss Alice Woods, of this city. She was highly respected by all who knew her and the news of her untimely death was a shock in the community.

Over \$700 for Distribution.—Benjamin Willis, executor of the estate of John Willis, late of West township, has been ordered to pay to creditors of the deceased, whose claims have been allowed under insolvency proceedings, a 50 per cent dividend. Funds aggregating \$735.53 will be distributed.

abundant means to develop the site. He has his plans, but beyond a few meager facts gathered yesterday he could not be induced to disclose his intentions. The property lies at the corner of Fourth street and Mulberry alley. It runs to Church alley on the south. The lot is a large one and is especially adapted to the purpose to which Mr. Moore expects to devote it. Within a few weeks it is the intention to begin the erection of a handsome brick building on the site, and when it is completed an up-to-date undertaking and lively business will be opened in the new structure.

Mr. Moore is an enterprising business man, and being possessed of sufficient means to carry out almost any project he may take up, will be an addition to the city which cannot help but be appreciated. The gentleman intimates that he has other interests in this city, and expresses himself as being pleased with the future of the city from a financial standpoint. The transaction just closed was put through by the E. W. Hill real estate agency.

## HEIDRICK'S CASE STILL UNSETTLED

The Motorman-Painter's Occupation Again Under Investigation.

## COMPLICATIONS ENSUING

Later developments in the case of Charles Heidrick, a member of East Liverpool division No. 52, A. S. R. E., go to show that the matter will not be dropped at the point where the News Review left off a few days ago.

Local union No. 165, painters, took up the question at its last meeting, and the members prepared to push it to the very end. Business Agent House, of the painters, states Heidrick refused to quit work upon a building he was painting at the request of the former and that later he was called off the job by the employer. Since that time the motorman has been endeavoring to make amends in some way to his organization. He first consulted President Kontner, of the street railway men's union, and did his best to have some action taken which would make his standing right with division No. 52. Mr. Kontner was on duty at the time, and had not heard of the occurrence until informed by Heidrick. Kontner refused to have anything to do with the matter, preferring to allow the painters to pass upon the case before permitting it to go before the organization.

Heidrick was compelled to ride upon the forward end of the car while talking to the motorman, and this being against the rules of the company, the motorman was given seven days' lay-off for the offense.

To the present Kontner is unable to figure out how he is to blame in any way, and it may be that the matter will be brought up in connection with the Heidrick case.

Meantime the painters have been active, and the officers have called a special meeting for tonight at which time the members will take some definite action. A meeting of the street railway men's union has been called for 1 o'clock tomorrow morning to act upon the findings of the painters.

## POTTERS' MEETING WAS HARMONIOUS

Manufacturers Return From the Conference Held at Atlantic City.

The meeting of the manufacturing potters at Atlantic City was concluded yesterday afternoon and a few of those in attendance from this city arrived home this morning. When approached this afternoon they refused to discuss the decision that had been reached in regard to the demands of the operatives, further than that a conference would be held.

Most of the manufacturers at the meeting are members of the United States Potters' association and it was given out by one of those who returned today that its affairs were up for discussion. No changes were made in the selling agreement. It is stated. Several firms, that remained on the outside at the time of the organization, were taken into the association at the meeting.

## POPULAR DECISION ABOUT GARBAGE

Made By the Board of Public Service at Last Night's Meeting.

## CANS TO BE PROVIDED

And Residents Will Be Required to Deposit All Garbage in Them and Have Them Dumped Weekly—Manure Boxes to Be Removed.

Robert Burner, manager of the Sanitary Reduction company, met with the board of public service last evening and imparted the intelligence that he has been arranging for several weeks to obtain enough garbage cans to supply every resident that is willing to pay the company for hauling the cans away when they are full. He has only ordered a few cans, but will order just as many as are demanded.

The company has found that the cans can be furnished free of charge to patrons and that it can afford to remove the garbage once a week for 50 cents per month. There is an ordinance providing that cans must be used by families and the board intends to insist that the ordinance is complied with. It was the wish of the board to give Mr. Burner the contract for hauling away the garbage, but it discovered that it had no right to do so, the people being left to hire whoever they please. However, the residents will have to employ some one, because the garbage will not be allowed to stand for a longer period than a week. When the new cans are adopted generally there will be no more holding of nostrils to divert disgusting effluvia, a realization that has been looked forward to for years.

The board asked Mr. Burner if he could burn manure in his furnace and he replied that it could be done, but that he was not ready to offer a figure on the cost. He was instructed to make an estimate and report at the next meeting. The disposal of manure is bound to be a perplexing problem. The board ordered that all manure boxes be moved from alleys, streets, etc., and that they be emptied regularly. There is only one spot in the city that can be used as a dumping ground for the manure and it is thought that the owner of the dump will prohibit the practice in a few weeks. It was in anticipation of the conditions that caused the board to take steps to procure a place and no better plan is known than to have the manure burned. Street Commissioner Dickey and Sanitary Officer Burgess will see that the order compelling the removal of the boxes is enforced.

B. C. Simms and Hal Harker appeared before the board in behalf of Monroe Patterson. They made the assertion that Patterson has improved the thoroughfares surrounding the foundry until one would hardly know it. Mr. Simms said: "We have used Walnut street and will do it again." The board made no retort, and the two men left the meeting, well satisfied that they can carry on business as before, if they clean up occasionally.

Serious objection was raised to certain residents on Avondale street being allowed to keep their sidewalks covered with bricks, dirt, tin cans and other such things. The commissioner was instructed to notify the parties and if they do not repair the walks at once, the city will do it and charge the owners on the tax duplicate.

A communication from the board of health, asking that something be done to have the people that have connected their sanitary pipes to the storm water sewer disconnect at once, was discussed at length. The board finally decided that an investigation should be made and the people notified to detach their pipes. Sanitary Officer Burgess and Engineer Kelly were ordered to make the investigation.

The bill of Harrison Rinehart, for paving a sidewalk on Fifth street, that has been before council upon numerous occasions, finally found its way into the hands of the board and it deferred it until the next meeting when both Mr. Rinehart and the engineer will be present. Rinehart claims that he was allowed or instructed by the assistant engineer to lay the sidewalk exactly as it now lies.

New Trial Refused.

Lisbon, June 13.—(Special.)—A new trial has been refused in the case of Horace G. Tetlow against George W. Allen, of Washingtonville.

## TWO DEMOCRATS KNOCKED OUT

Tom Johnson Gunning for Legislators Who Voted Contrary to His Wishes.

Columbus, June 13.—(Special.)—Tom Johnson has successfully knocked out two Democratic legislators who voted for the curative act in opposition to his wishes. Tom swore he would make it impossible for the Democrats who were for this bill to get back into the legislature and he is certainly keeping his word.

Representative Earhart, of Mansfield, was his first victim. He entered his county and prevented his renomination for another term as representative. Yesterday Perennial Bill Gear, of Wyandot, who has been holding office for years, announced his retirement from the race for senator. Gear is the man above all others Johnson singled out for defeat in case he should come out again and in retiring he saves himself from such a fate.

## SAVED FROM RIVER AND TAKEN TO JAIL

Drink and Unrequited Love Nearly Caused Thomas Goodlin to Be Drowned.

## RESCUED BY TIM DAILEY

As the result of drunkenness Thomas Goodlin, a young man of Cook's Ferry, Pa., tripped while walking along the outside gunnels of the wharfbot this afternoon and fell into the river. His escape from a watery grave was exceedingly close, and to Tim Dailey, the well known business man, he owes his life.

Mr. Dailey happened to be on the wharf, a few yards from the boat, when he heard a splash and the cries of a man. The true situation dawned upon him instantly he ran onto the boat, procured a rope and lost no time in throwing it out to the drowning man, who by this time was almost past making an effort for safety. After a hard struggle, Mr. Dailey succeeded in pulling Goodlin to shore, and he was then taken on the boat and worked with until revived.

Officer McDermott was apprised of the man's condition and when he found him he was laid out on a coal flat. He was placed under arrest and landed in the city jail. He insisted that a hearing be granted him, but he was too drunk to permit it and will remain a prisoner until late this evening.

Goodlin was very talkative in his cell and showed signs of temporary insanity. He imagined that a young man, who, he says, is jealous of him, because he has won the heart and hand of a Hookstown lady, cast him into the river and says that when he gets out he will make it warm for the fellow. He says the girl loves him sincerely and that he would fight any man, regardless of size, who would try to interfere with his courtship.

He also labors under the delusion that the enemy robbed him of his purse. On his person were found a number of love letters and a large batch of valuable articles. He is bright looking and appears to be about 16 years old, but states that he is 22.

## BRUTAL MURDER BY EX-CONVICTS

Aged and Respected Farmer Shot By Robbers Near Columbus.

Columbus, June 13.—(Special.)—One of the most brutal murders in the history of the state was committed near this city yesterday, supposedly by three ex-convicts, two of whom are under arrest and charged with the crime.

The victim was George Geyer, an aged and highly respected farmer. Robbery was the incentive for the brutal crime. Suspicion fell on Lewis Hermann and Otis Loveland, of this city. The men were recently released from the penitentiary and are known to be desperate characters. Loveland broke down after his incarceration in the county jail and made full confession, implicating a third man, who has not yet been captured.

Cold Day for Picnickers.

Salem, June 13.—(Special.)—The Salem Industrial picnic is being held at Idora park, Youngstown, today. About 500 persons went on a special train.

## THE PROBLEM OF KEEPING THE CITY FREE OF DIRT AND HOW IT WILL BE MET

Important Rules Drafted by the City Solicitor and  
Approved by the Public Service Board.

The board of public service declares that the thoroughfares of the city must be kept clean. It so decided during the first week of its term and requested City Solicitor Davidson to prepare rules governing the same. He commenced the arduous task immediately and last evening submitted the following, which were adopted by the board and will be strictly enforced just as soon as they are passed upon by council:

It shall be the duty of owners and occupants of property abutting upon the streets or alleys within the city of East Liverpool, to keep such streets and alleys in front of such property clean and free from nuisance. And any such owner or occupant who refuses or neglects so to do within five days after due notice, shall be fined such an amount as may be provided by ordinance.

It shall be unlawful for any person to cast, throw, deposit or place, or cause to be cast, thrown, deposited or placed in or upon any of the streets, alleys, sidewalks, or public places of the city any manure, paper, slops, offal, ashes, cinders, cans, vessels, bottles, sweepings, dead animals, putrid substance, or any similar waste, or refuse or offensive matter, and any such person, upon conviction thereof, shall be fined such sum as may be provided by ordinance.

It shall be unlawful for any person to deposit or place, leave or cause to be left, or deposited upon any street, alley, sidewalk or public place of the city, any boxes, barrels, bricks, lumber, vehicle, or any other article or thing whatsoever, or leave or cause to be left such article or thing to the obstruction of such street, sidewalk, alley or public place, and to the annoyance of any other person, or permit or suffer any rate to hang or swing out on any pavement unless a permit be first obtained from the board of public service; and any person convicted thereof shall be fined such sum as may be provided by ordinance, provided, however, that such inhibition shall not apply to merchants, manufacturers, or dealers using and occupying a space on the sidewalk abutting upon their place of business, not exceeding two feet; nor to any person making reasonable use of such street, alley, or sidewalk in loading or unloading material to be used for, or in the construction of a building or improvement of property abutting thereon; nor to any person temporarily leaving a vehicle, bicycle, or similar thing upon any street or alley.

No person shall engage in any game commonly known as ball, base ball, foot ball, snow ball, shinney, or any

## NORTHERN SECURITIES HAS BEEN DISSOLVED

Adverse Decision of Federal Court Puts It Out of Business.

New York, June 13.—(Special.)—It was reported authoritatively on Wall street today that the Northern Securities company has been voluntarily dissolved. While the announcement created some surprise stocks were not greatly affected. The properties held by the company will be returned to the former owners.

The dissolution is thought to have been caused by the adverse decision of the United States circuit court.

## FIVE LIVES LOST IN TENEMENT FIRE

Italians the Victims of an Incendiary Blaze on the East Side, New York.

New York, June 13.—(Special.)—Five lives were lost in a tenement house fire on the east side of the city last night, the victims all being Italians. The fire is known to be of incendiary origin.

A panic prevailed when the flames were discovered and many escaped by jumping from the windows. Quick work of the firemen saved the lives of many.

## Election Held by Kilmen.

The officers of No. 9, N. B. of O. P., were not disappointed at the attendance at the meeting last night. The turnout was larger than at any time during the year, and the meeting was greatly enjoyed. The most important business was the election of officers, which resulted as follows: President, Thomas Neal; vice president, Harry Hayes; recording secretary, George Smith; corresponding secretary, E. Bradfield; financial secretary, A. V. Gilbert; D. F. S. R. R. Burger; inspector, Frank Johnson; guard, Nicholas Wynn; trustee, William Cuthbert.

## News and Notes About The Potteries

### OBJECT TO CHINAMEN.

The same objection that was raised at the last meeting of Trades and Labor Council over members of local labor unions patronizing the Chinese laundrymen, has been taken up by the locals of the N. E. of O. P. and it looks as if there is a "hard shelling" ahead for the "no checkers, no washers" men. It has been pointed out that both the local steam laundries carry the label of the laundry workers' union, and that the manufacturers have granted all the demands made upon them by the union. If the spirit of unionism is carried out among the advocates of organized labor their patronage should go to those who conform to union principles, is the doctrine advanced by the leaders of the movement. Resolutions are being passed by the locals to the effect that members refrain from patronizing the Mongolians.

### ANOTHER CLAY FIND.

The discovery of valuable clay deposits near the abandoned works of the Mishler Pottery company, Canton, has interested a number of Pittsburgh capitalists, who have decided to reopen the old pottery and build a large addition to the works. Application for papers of incorporation have been made, and the plant will be in operation in a short time. Those interested in the enterprise are W. H. Greenwood, chemist, of McKeesport, and Dr. Calhoun, of Canton. The company proposes to manufacture pottery and later the making of tile and fire-proofing will be taken up.

### NO. 12'S OFFICERS.

The jiggermen have elected, the following officers for the ensuing six months: Frank Gratton, president; Bert Allison, vice president; George Smurthwaite, recording secretary; John Reark, financial secretary; Ed O'Neil, one per cent secretary; William Maley, treasurer; Charles Moore, trustee; Inspector, George Hughes; guard, Fred Goppert. The treasurer serves for a term of one year and the trustee for 18 months. A resolution against patronizing the Chinese laundries was passed and action upon several other matters was taken. The meeting was well attended.

### WILL MAKE CHANGES.

Dan McCarron, of the Dresden, who recently resigned his position there to accept the superintendency of the Shenango plant, New Castle, will take charge July 1. It is stated that he will make many changes among the firemen and workmen, among them a new kiln foreman. Mr. McCarron has ideas of his own about conducting a pottery, gained from long experience with a successful plant, and he will put them into effect at New Castle.

### OFFICERS OF DERRY LOCAL.

JUDGMENT FOR \$6  
RENDERED BY DEFAULT

Chancy Failed to Appear as Defendant in Suit And Plaintiff Gets the Verdict.

Ross Chancy, who was sued in 'Squire Catman's court by Henry Twiford for a board bill of \$6, failed to appear this morning at the hour set for the hearing of the case and judgment was given the plaintiff in the full amount. Chancy had prepared to fight the case and had four witnesses subpoenaed in his behalf. Only one of the witnesses showed up. Chancy was seen in the East End a short time before the case was to be taken up and his reason for not appearing could not be learned. Twiford's wife was the only witness summoned for that side of the case. J. E. Davis was his attorney.

Twiford told the justice this morning that he wanted to bring another action against Chancy. He and his wife both stated that after the suit had been entered Chancy appeared at their home in an intoxicated condition and made threats against Twiford. It is claimed that Chancy promised Twiford a good body beating for entering the suit against him. The justice advised that they wait for a repetition of the offense before lodging a complaint.

## Young Couple Married.

Miss Bertha Malt and Charles O. Weddell, two prominent and popular East End young people, were united in marriage at 9:30 o'clock last night by 'Squire L. W. Carman. The ceremony was performed in the office of the justice and only the immediate friends of the contracting parties were present. The bride is a well known and amiable young lady with a host of friends in the East End. The groom is a popular young man, and both have the best wishes of the entire community for a long and happy life.

THE NEW POSITION  
IN TRADES UNIONS

Plan For a Walking Delegate For All Locals Under Discussion.

## NOT FAVORED BY POTTERS

But Warmly Advocated By Other Union Men—Trades And Labor Council Soon to Consider And Act Upon the Question.

An agitation was started several months ago in the Trades and Labor Council for the creation of a new position among the trades unions of the city, the purpose being to save much time and a great deal of annoyance to the members of the several building trades and other organizations. When the movement was inaugurated it was opposed by the pottery locals, and for that reason was abandoned by the men who had first called attention to it.

The original plan was to retain a man to be known as a walking delegate or business agent, and instead of representing one single trade, as is true of many unions in the larger cities, he should handle the business of every trades union affiliated with the Trades Council. The task, it was realized, would be no easy one, but it was thought the right man could be secured, and that scores of petty questions could be settled by him without the annoyance and expenditure of time attendant upon the appointment of committees and the consumption of time from the work of the members.

Those proposing the scheme had a feasible plan, and it was outlined in detail at several meetings of the council before it was finally killed. These men proposed that each of the some 35 unions pay in a stipulated sum each month to pay the business agent for his time. It was the opinion of the promoters of the plan that the services of the walking delegate could be secured for a sum not to exceed \$75 per month. When the amount was divided up among the various unions, it was thought no one of them would be hurt by the drain, and when it was considered that much good could be accomplished by the agent, the investment would be a very good one.

It is likely the question will again be raised within the next few weeks, and this time the supporters of the plan will come to the Trades Council with sufficient support to carry their scheme to a successful issue. The fact that the plan was not adopted on the previous occasion is attributed to the fact that at that time the building trades were in an unsettled condition, and a little later two of them went on strike. The troubles of one of these unions has not yet been settled, and it is probable it will be prolonged for an indefinite period. One of the advocates of the plan has this to say in behalf of the project:

**AT BED TIME I TAKE A PLEASANT WEE DRINK**

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER.

Dr. Pierce's Favorite Prescription cures the disease which undermines the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and is handled confidentially. Address Dr. R. V. Pierce, Buffalo, N. Y.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine," writes Mrs. Pierce, of 31 West 11th Street, York, Pa. "I was troubled with female weakness, and began to think I would never be well. It had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 108 pounds, at present it is 120. I have healthy color and my friends say I look well. My best thanks to you and my best wishes, too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

"It is natural that the pottery locals will not favor the plan. They have their national headquarters right here in town, and when a dispute arises all they have to do is to carry it to the national officers. It is a mighty sight different in other trades. We have a hundred and one disputes which never reach our national head. These matters are none the less important, because they are considered too trivial to be thrust upon our national officers, because in many instances they mean the making or breaking of the local organization. What we would like to have is a man who can be trusted to take care of these matters in the name of the central labor union. Besides the prestige which this will lend the cause, the several unions will be relieved of the task of investigating, and the work which would be necessary could be performed by the agent. Trades Council is to have another opportunity to adopt the plan, and if the members do not see fit to embrace it we will of course give it up for the time. But it will not be abandoned by any means, and just as soon as we have the opportunity it will be brought up again."

THE DRUG TAX  
A BAR TO SCIENCE

Our Patent Laws Have the Opposite Effect from Encouraging Invention.

Few people know that at present the patent laws of our country make it possible to levy a blood tax on many articles "made in Germany" that are used by the sick and afflicted, the very persons the government would naturally be expected to shield from imposition.

Take phenacetine. It sells in Germany, where it is made, at 25 cents an ounce, here at \$1 an ounce. Why? Germany, like most civilized countries, does not grant patents on articles used in the healing art. The United States does, and an enterprising citizen took out a patent for this article, which is not made here, and under our monstrous laws phenacetine cannot be sold in this country except by the holder of the patent, and his price is \$1 an ounce wholesale.

Our patent laws were originally devised to encourage scientific investigation, but in such cases as this the opposite effect is produced. No matter if you should find out a new process for making phenacetine, under this infamous law no phenacetine can be made or sold here except by the holder of the patent, who is at liberty, and makes good use of it, to "hold up" the sick and suffering to the tune of \$1 an ounce for an article costing 25 cents in Germany. As stated before, most civilized countries do not grant patents on articles used in medicine. Our own country is the inglorious exception.

Antipyrine is in the same category. It used to cost at whole \$1.40 an ounce. When the unjust patent expired, the blood tax was wiped out, and it now sells at 25 cents an ounce. Take sulfonal as another illustration. Several manufacturers in Germany are making this valuable chemical because that of fete monarchy encourages scientific research, and the aniline industry, with all of its important by-products, is a monument to the wisdom of this policy. A smart American citizen patented the article, sulfonal, in this country, and now levies his blood tax on the poor and suffering of "free America."

Germany grants patents only on the process of manufacture, not on the finished product, and the German patent

law holds out inducements to the discoverer and the inventor to go ahead and find new ways of making these chemicals, and each new way can be patented. America says to the student of chemistry: "Don't trouble yourself about finding out new ways of making anything that is patented; you will not be permitted to sell it."

Our laws should be so changed that no patent shall be granted on articles used for food or for medicine. It is beyond all reason that the inventive genius of Americans and the conspicuous ability of our chemists should be kept down by these monstrous laws, especially when the greatest sufferers from the injustice are those least able to bear the burden. Congress should lose no time in wiping out this disgrace, and the people of America should not rest until it is done.

The news that work is about to begin on the Youngstown & Southern railway will be hailed with great satisfaction all along the route. There will be disappointment, of course, that work on this end of the line is not to be pushed this year. But having waited with reasonable patience for many years, East Liverpool will take the matter philosophically. Rome was not built in a day, and it is rare that such a task as completing 50-odd miles of railroad through a hilly country is completed in a year. The fact that the railroad is headed this way and the prospect that some time next year we may be able to reach our county seat without traveling four times as far as is really necessary is something pleasant to look forward to.

The Kansas Forestry Commission points out that less than the \$25,000,000 of property destroyed by the floods at Kansas City and Topeka, would have provided a system of reservoirs and canals, whereby the waters could have been impounded and used for the irrigation of the low plains, almost arid. The lesson of these spring floods is yet to be learned. They are annual, regular and destructive, and the succeeding droughts almost equally so. Still human wisdom can and must provide a remedy. The annual loss is bound to grow as the country grows until the necessary remedial steps are taken.

Chicago would be an excellent field just now for a school of practical housekeeping. Scarcely had the laundry workers' strike ended ere the hotel and restaurant cooks and waiters quit work, leaving thousands who had been accustomed to rely upon meals prepared outside the home kitchen to get along as best they could. It is said fashionable women are now turning cooks and waitresses. Well, the employment is useful and honorable, and the experience ought not to be without its value.

Those who are predicting that Tom Johnson will be next year's Democratic candidate don't seem to realize that capturing the whole country is a very different thing from taking possession of the city of Cleveland. Tom can fool some of the people, but when he starts out to fool them all he has a task too big for him.

Death removed a brave and fearless son of Columbiana county when it took General Alexander McDowell McCook. In a few years more there will not be a conspicuous figure of the civil war period left alive.

Kings and queens are not to be envied, especially if they live in a country where life is held cheap and the revolution habit is strong.

The condition of affairs in Servia

must have been bad indeed if the government is expected to be better with murderers conducting it.

The theory that the Missouri river is destined to dry up has been knocked in the head for this year.

"It is a 'fine' day" is a remark seldom heard of late outside the police court.

## OBITUARY

Miss Stella Good.

Mr. and Mrs. William Nath. Mr. and Mrs. William C. Davidson, Mrs. P. J. McKeone and Mrs. D. B. McNeil have returned from Steubenville where they attended the funeral of Miss Stella Good, who died in that city on Wednesday, and who was a relative of the parties named. Miss Good was the daughter of Felix Good, the well known Steubenville baker, and the cause of her death was consumption. The lady was very well known in this city, where she has visited frequently. Several months ago she was sent to California in the hope that her health might be benefited, but she grew steadily worse and died at the time stated.

Mrs. Sarah Bough.

Mrs. Sarah Bough, aged 56 years, the wife of M. H. Bough, of East Fifth street, died last night at 7 o'clock after many months of suffering. The funeral services will be held at the residence Monday afternoon at 2 o'clock. Rev. C. G. Jordan will officiate, assisted by Rev. J. L. Swan and Rev. Dr. J. C. Taggart. The interment will be made in Riverview cemetery.

Mrs. Bough was the daughter of Mr. and Mrs. John March, now deceased, and was born in St. Clair township, near Cannon's Mill. She united with the Presbyterian church when 17 years of age and has been a member of the First Presbyterian church of this city for 25 years. She was active in church missionary work, devoting a great deal of her time to the service of the Master. The members of the congregation will miss her greatly.

About a year ago Mrs. Bough was attacked with a cancerous growth on the face and six months ago she was taken to a Pittsburgh hospital, where an operation was performed. She appeared to be free from the dread disease for a short time, but it returned and she grew steadily worse until the end came at the hour stated. While her suffering was intense she bore it with true Christian fortitude. During the last few days the pain left her entirely, and the end came peacefully.

Mrs. Bough is survived by her husband and two children, Clifford A. Bough and Mrs. Frank W. McCurdy, both of this city.

## CARS TO RUN TO LISBON BEFORE COLD WEATHER

Continued from First Page.

means of the railroad. The first of these deposits of coal lies near North Lima, and will be opened at once. It is the desire of the parties interested in the building of the road to have the system completed as far as Lisbon, and in full operation to that point by the time rough weather sets in.

Members of the company announce that a start on the construction work would be made at several points on the route this summer, though it cannot be hoped to have it completed and actually in operation this year. The franchise secured from the East Liverpool council will be lived up to in every respect, say the promoters, and it can be announced with absolute certainty that some work will be done here within the next few weeks. The franchise secured in this city provides that the construction of the railroad be commenced on or before July 1, 1903, and that work to cost not less than \$5,000 be completed by July 1, 1904. This will necessitate hard work on the part of the contractors, and they must act promptly, but it is thought they are equal to the task. The privileges secured here only extend from the corporation line to a point on Sheridan avenue west of West Market street, and when the construction in this city is once started it can be completed in a hurry and in a very short length of time. Local people assert that even if the franchise did not specify the time limit, the contract of the company with the Bloomfield Land company would hold it to the line, in that it says the road must be constructed in a stated time or the right of way will be invalid. It will be remembered that the rights of way down California hollow were secured and held by the Bloomfield company several years ago, and under certain conditions were transferred to the Youngstown & Southern when its promoters came this way last winter.

The Youngstown & Southern is capitalized at \$1,000,000, and the same directors are interested in a system known as the Youngstown & Salem. This latter project has not reached the point where a contract can be let, but is none the less a certainty. While the capitalization is separate and it may not be constructed as speedily as the other enterprise, the same parties are behind it and the same money interests are involved. The Youngstown & Salem is capitalized at \$300,000, and will be financed by C. B. Phelps & Co., and Baker, Ayling & Co., both of Boston.

These firms are also furnishing the money for the Youngstown & Southern. G. B. Baker, a member of the firm of Baker, Ayling & Co., with John H. Ruhlman, secretary and treasurer of the company and J. W. Long, one of the real estate agents connected with the deal, arrived in the city at 10 o'clock this morning, having driven from Youngstown. The Boston man was desirous of seeing the route, and a start was made from Youngstown at 3:30 yesterday afternoon. Mr. Baker expressed satisfaction with the outlook and the territory through which the proposed line is to be built. Messrs. Ruhlman and Long returned to Youngstown at noon today while Mr. Baker left for Indianapolis to spend Sunday with his family.

Contractor Joyce, of Youngstown, has 200 teams employed about the mills and furnaces at Youngstown and will put 50 teams at work Monday morning. Additional teams will be purchased and put to work as soon as possible.

The engineers and officials of the company will be in Lisbon next week to decide upon a route through that town. While in Lisbon last evening they promised to have cars running from Youngstown to Lisbon by November.

The Leontia & Salem road projected and backed by the same men

promoters came this way last winter.

The Youngstown & Southern is capitalized at \$1,000,000, and the same directors are interested in a system known as the Youngstown & Salem. This latter project has not reached the point where a contract can be let, but is none the less a certainty. While the capitalization is separate and it may not be constructed as speedily as the other enterprise, the same parties are behind it and the same money interests are involved. ## WILL REED'S STATEMENT

Mi-o-na Costs You Nothing If It Does Not Cure.

To the Editor of the News Review: The unusual statements in the advertisements I have published for Mi-o-na have led some people to ask if I really meant all that I said in regard to this preparation. The best reply I can make is to publish over my signature a statement of what Mi-o-na will do and the unusual terms under which I am selling it.

1. Nine-tenths of all sickness is caused by some kind of indigestion. As Mi-o-na cures indigestion in any form and restores healthy action to the whole digestive tract, it will cure nearly every case of poor health.

2. The dyspeptic is ordinarily thin and emaciated, with sallow complexion, sunken cheeks and flabby flesh. Mi-o-na will cure dyspepsia and those who use it will find every part of the body filling out with firm, solid flesh, so that all the outlines become plump and pleasing.

3. The benefit from Mi-o-na is not merely temporary. This remedy aids digestion and restores natural and healthy action to the digestive organs so that a permanent cure results.

4. The strongest evidence I can give of my faith in Mi-o-na is my personal agreement to return the money if it does not give satisfaction. Although I have sold hundreds of packages under this guarantee, yet only one out of every hundred has asked to have the money returned. I am always ready to refund the price of Mi-o-na to any one who is not satisfied with it.

Respectfully yours,

WILL REED.

## WELLSVILLE

ITALIANS CRUSHED  
BY FALLING ROCK

Two Men Badly Hurt While Loading  
Dirt in Wells' Hollow.

While loading dirt at Wells' Hollow, a short distance east of Wellsville, yesterday, two Italians were the victims of a painful accident. One had his leg broken below the knee and the other his ankle badly sprained. The men were working for Contractor E. K. Anderson and he was overseeing the work. These men, with several others, undermined a large stone and when Mr. Anderson saw that enough dirt had been removed from under the rock he told the men to stay away. They would move away but would gradually return to the stone. Mr. Anderson saw the boulder giving away and called to the men to get from under it.

There were four men working under it at the time and when Mr. Anderson called they all jumped away but the two Italians, and the rock fell on them, pinning their legs to the earth. After considerable trouble the two men were released. They were taken to the Italian headquarters on Third street and Mrs. Holland, Tarr and Parke were called and the injured limbs were dressed. There being no place in this city where the injured men can be taken care of they were taken to a hospital in Pittsburgh this morning.

NEW FERRY BOAT  
HAS BEEN LAUNCHED

Better Facilities For Crossing to Congo  
Soon to Be Afforded.

The city council some months ago granted Watson Johnston the right to operate a ferry between Wellsville and the opposite side of the river. The work of building the ferry boat was started the first part of May and according to the franchise was to have been completed by the first of June. The boat has been launched in the river and the finishing touches are being administered. It will be operated by a small gasoline engine.

Since the construction of the new boat has been in progress a flatboat has been in operation. It is of the very rudest type and takes about half an hour to cross the stream. It is not only an inconvenient thing, but it is unsafe and can only be run in the calmest weather.

The people of Wellsville, who have occasion to cross to the other side are greatly disappointed in the new boat. They expected something that could cross at any time and think as a gentleman said a few days ago: "That boat will never do. It is too small and can only run when the water is smooth." It is hoped, however, that the new boat will surpass its looks and do the service required of it in a satisfactory manner.

## FOURTH OF JULY

Meeting Called For Tonight to Make  
Arrangements for Celebrating.

Mayor Fogo has issued a call to all the residents of Wellsville, who are interested in a big Fourth of July celebration, to meet at the city hall this evening. Several committees will be appointed to take up separate lines of entertainment.

The mayor is deeply interested in this project and is giving considerable of his time to the movement.

## KILLS GERMS OF CATARRH

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Thousands of testimonials have been given as to the astonishing cures made by this remedy. J. S. Nugent, treasurer of the American Union Life Insurance company, of New York city, writes: "Hyomei has completely cured my daughter of catarrh from which she had been suffering for years."

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that Will Reed will agree to refund the money if you say Hyomei has not cured you.

Now is a good time to cure your catarrh.

## TAX COMMISSION

Gets Together And Organizes Preparatory to Tackling City Problems.

The Wellsville tax commissioners, J. J. Grafton, A. J. Brennan, W. J. Maloney and P. M. Smith, held their first meeting in Judge Smith's office. The first business was the election of officers. A. J. Brennan was elected president, J. J. Grafton vice president and C. R. McGregor secretary. Secretary McGregor was ordered to instruct City Solicitor Boyd to take the necessary steps to change the floating indebtedness of the city to bonded indebtedness.

As there is no salary connected with this office \$20 was appropriated from the sinking fund to pay the premium on surety funds required of each member.

Mayor Fogo was authorized to rent the third floor of the city hall and collect the rental for the same. Secretary McGregor was ordered to instruct City Treasurer Andrews no longer to keep separate bond accounts, but to embody the same into a sinking fund.

The commissioners will, at the next meeting, present to council the levy for the ensuing year, which will be 10 mills for all city purposes. The meeting adjourned to meet at a call from the president.

## Watchman's Shelter.

The Cleveland & Pittsburgh railroad company has taken advantage of the privilege granted by the Wellsville city council and has erected a watchman's shanty between Sixteenth and Seventeenth streets. The shanty is small, being only 3x5, but affords a very comfortable shelter for a man at night. It extends about a foot and a half over the fence onto Main street but does not hinder traffic a particle. The little building was completed a few days ago and is very much enjoyed by the night watchman.

## Resignations Ready.

Just what the trouble may be is not known, but at the next meeting of the J. W. Reilly camp, Sons of Veterans, it is said that every officer will have in his resignation. Why this step will be taken cannot be learned, but it is said a thorough reorganization will result.

## Children's Day.

At the First Presbyterian church and the First M. E. church, Children's day will be celebrated tomorrow evening at 7 o'clock. Fine programs have been arranged.

## SOUTH SIDE

## NEW CUMBERLAND FOLK

Several Hundred of Them Visited Rock Springs Park And Had a Good Time.

Three hundred people from New Cumberland and the immediate vicinity visited Rock Springs park last evening and the occasion was one long to be remembered. The summer theater, the other forms of amusement in addition to an enjoyable dance at the pavilion, made up an evening of pleasure which it is seldom the good fortune of New Cumberland people to enjoy.

The train arrived a little before 8 o'clock, and no time was lost in entering upon the full enjoyment of the occasion. The party from Chester's southern suburb thoroughly appreciated the good things provided, and the start home was made about 11 o'clock. It is likely this will not be the last trip to be made from the neighborhood during the season.

## Afflicted With Whooping Cough.

The family of Jack Tinson has been afflicted with whooping cough for several weeks. Three children have been very ill. Mr. Tinson is barn boss of the East Liverpool & Rock Springs railway, and resides at Tinsonville, near the park. Where the little folks contracted the disease no one seems to know, but the family is now sorely afflicted. Mr. Tinson was compelled to leave his work yesterday on account of feeling sick. Later it was developed that he had contracted whooping cough, and he is now confined to his home suffering from the annoying malady. The disease threatens to become epidemic in Chester.

## Sunday Concert Program.

Following is the program which will be carried out by McGraw's orchestra at the park tomorrow afternoon, and those who understand and appreciate good music can certainly appreciate the treat in store for those visiting the park: March, "Under One Flag," Tron Blon; overture, Lustpiel, Keler Bela; Chinese serenade, Puerner; Mili in the Forest, Ellenberg; Encouragement, Boettger; waltzes, "Dream of Heaven," Bauer; Whispers, Dean; march, "Tipperary," a march in Irish style, Fulton.

## CHESTER NOTES.

Mrs. G. W. Shaffer, who has been ill at her home in Chester, is improving. Preaching services will be held at the First Presbyterian church this evening.

Excavating for the new Poole building on Carolina avenue has been completed.

Miss Bertha Johnston, assistant to her father, Postmaster W. C. Johnston, is the guest of friends at Homestead, Pa.

Contractor Freshwater was in Chester yesterday calling upon his sons, who have charge of the street improvements.

The injuries of Carl Evans, who was struck by a street car at the end of the bridge yesterday, have been found to be slight and he will have recovered in a few days.

## MEMORIAL DAY

Will Be Celebrated By Crocker City Tent of Maccabees Tomorrow.

Crocker City tent No. 131, Knights the Maccabees, will hold its regular annual memorial services in the hall tomorrow afternoon at 3 o'clock. Immediately after the services the members will march in a body to River-view cemetery, there to decorate the graves of deceased brothers. The lodge has made this an annual event since its organization, and it is one that every member should feel proud of.

From a small beginning the tent has developed wonderfully under the management of able officers and deputy until now it is recognized as one of the leading fraternal societies of this city. The lodge is under splendid discipline, and at the same time harmony and concert of action are noticeable everywhere. The lodge continues to grow rapidly.

## FOUR BIDS ON SEWER

Contract Will Be Let By Service Board on Monday Evening.

Four bids were received and opened this afternoon by Auditor Davidson and Engineer Kelly for the building of a storm water sewer on Bradshaw avenue, as follows: D. J. Wallace, \$9 per foot; J. Bailey, \$9.25 per foot; J. S. Shingleton, \$7.40 per foot, and J. C. Cunningham, \$6.95 per foot. The sewer is to be 407 feet in length. The contract will be let by the board of public service at the meeting Monday evening.

## Dispute Over a Saloon.

Lisbon, June 13.—(Special)—An action in forcible entry and detainer is pending in the court of Justice Dickinson in which Miss Frances Bradbury is plaintiff and E. O. Harris is defendant. Harris recently purchased of D. J. Job a saloon which the latter was conducting in Miss Bradbury's building on East Walnut street, the purchaser claiming to have understood that he could continue the business there. Miss Bradbury alleges that the lease has expired and that she has rented the saloon to another party and desires to give possession.

## Seeks Medical Treatment.

Lisbon, June 13.—(Special)—J. J. Dickey, of Signal, went to Cleveland yesterday afternoon, where he will submit the stump of an amputated arm for additional treatment. He lost his arm in a saw mill accident a year ago and while the arm has healed nicely he has been suffering considerably.

## Philip R. Theobald.

Philadelphia June 13.—Philip R. Theobald, a noted dealer in horses, who was seriously injured in an automobile accident last Saturday, is dead at his home at Glenside, a suburb of this city. He was 63 years of age and leaves an estate valued at a million dollars.

Helpless Invalid For Three Years.

Dr. Miles' Nervine Made My Nerves Strong.

"For many years I suffered from terrible headaches and pains at the base of the brain, and finally got so bad that I was overcome with nervous prostration. I had frequent dizzy spells and was so weak and exhausted that I could take but little food. The best physicians told me I could not live; that I would die of paralysis, as my father and grandfather had. I remained a helpless invalid for three years, when I heard of Dr. Miles' Restorative Nervine and began using it. That winter I felt better than I had before in many years, and I had not been troubled with those dreadful headaches since I first used Dr. Miles' Restorative Nervine. My appetite is good and my nerves are strong."—Mrs. N. M. Bucknell, 2929 Oakland Ave., Minneapolis, Minn.

"For many years I suffered from nervous prostration, and could not direct my household affairs, nor have any cares. My stomach was very weak, headaches very severe, and I was so nervous that there was not a night in years that I slept over one hour at a time. We spent hundreds of dollars for doctors and medicine. I was taken to Chicago and treated by specialists, but received no benefit at all. Finally I heard of Dr. Miles' Nervine and began its use. I was surprised that it helped me so quickly, and great was my joy to find, after using seven bottles, that I had fully recovered my Nervous and Heart Diseases."—Mrs. W. A. Thompson, Duluth, Minn.

#### Woman Murdered.

Altoona, June 13.—The almost lifeless body of Mrs. Annie Canavan, 49, was found in a strawberry patch near her home, at Kenney, Elk county, yesterday afternoon, mutilated almost beyond recognition. She had been beaten with a pine knot found near by. The woman died a short time afterwards. The murderer escaped, leaving no clue. He is believed to have been a tramp, who attacked the woman while she was picking berries. Evidence of a violent struggle were to be found, showing that the woman defended her honor with her life. She leaves a husband and several children.

## SOME OF THE CURED

The Jno. J. Fulton Co. of San Francisco, First in the World to Announce the Cure of Bright's Disease and Diabetes, presenting a Definite Percentage of Recoveries (87%) and Giving Out Lists of the Cured.

Here are some of the San Francisco recoveries, and all of them declared by physicians to be incurable: W. W. Spaulding, President Spaulding Saw Co.; Adolph Weske, founder Cal. Cracker Co.; Carl D. Zelle, pioneer druggist; Chas. Engelke, editor San Francisco Journal; R. M. Wood, editor Spirit Review; Edward Short, of the Call; C. A. Newton, yardmaster S. P. Co. (Sacramento); Jno. A. Phelps, Hotel Repeller; Mrs. M. Empey, 130 Reiner St.; Mrs. S. E. Chino, 137 Broadway; Mrs. P. Goybeniz, 228 Elm St. (tapped 38 times); E. C. Pohl, Manager Pacific Coast Biscuit Co.; F. J. Bacheider, Pacific Coast Agt. Beth Thomas Clock Co.; E. B. Cutler, Attorney, 530 Pine St.; Wm. Hale, Real Estate, 215 Sansome; Mrs. C. C. Matthews, Proprietor Hotel Clifton; Thos. Haskens, Merchant (Petalinga); Col. Wm. Hawkins, U. S. Quartermaster's Department; Chas. F. Wacker, Merchant, 131 6th St.; Mrs. Thos. Chrysler, 428 27th St. and hundreds of others. Some were at death's door when put on the compounds, but many such recovered. That many were in extremis may be learned from this. Some recovered who had been tapped dozens of times; others were already in the twitches of uraemic poisoning; many had from four to six physicians confirm the fatal diagnosis; several left standard hospitals in extremis; several had relatives called in for last interviews, and a few recovered who were in a state of absolute coma.

In a word about 87% of all cases of Bright's Disease and Diabetes, heretofore positively incurable, are now curable under the new Fulton compounds. The Remed Compound for Bright's and Kidney Disease is \$1. For Diabetes, \$1.50. Pamphlet free. We have just established a depot in your city where you will find the compounds and pamphlets, viz:

#### Refused to Confirm Award.

Scranton, June 13.—The first district executive board of the United Mine Workers met here to take action in the cases of the Ganton and Stato Line and Sullivan Coal companies, of Berne, which refuse to conform to the strike commission's award. The employees claim that while these companies did not agree to be parties to the submission they should in equity subscribe to the commission's finding, at least in the matter of hours and wages. The companies claim they are not affected by the award of the commission because their product is not anthracite, but semi-bituminous. The Stato Line and Sullivan company was recently absorbed by the Connell Anthracite Coal Mining company, of which Hon. W. L. Connell, one of the operators' representatives on the board of conciliation, is president.

#### Unpleasant Incident in Vienna.

Vienna, June 13.—While Emperor Francis Joseph was out driving here a pedestrian, holding a stick in a threatening manner, rushed at the emperor's carriage. The coachman lashed the assailant and whipped up the horses and the man was seized. The incident caused some excitement. At the police station the prisoner was recognized as Jacob Reich, an unemployed commercial agent, who called at the Hofburg January 8, and insisted on seeing Emperor Francis Joseph, declaring he was the Son of God and had brought his mission an important communication from the Almighty. Reich, who is pronounced insane, was then incarcerated, but has since been released.

#### Heavy Landslide.

Asheville, N. C., June 13.—The side of a mountain caved in on the Southern railway tracks between Spartanburg and Asheville, at noon. Thousands of tons of rock and dirt completely filled one of the largest railroad cuts in the mountains of west North Carolina and effectively shut off all traffic from the south. The landslide occurred near Tryon, N. C., at the foot of Saluda mountain.

#### Strike Settled.

Morenci, Arizona, June 13.—The strike is settled. The men accepted an offer of nine hours pay for eight hours work. The territorial guard will leave camp. Five troops of regulars from Forts Grant and Huachuca are here. Colonel Lebo in command. Italians only are not included in the settlement.

#### Grain Elevator Burned.

Kansas City, Mo., June 13.—The exchange grain elevator in the east bottom was burned, destroying 40,000 bushels of wheat, and entailing a loss of \$70,000.

#### A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size, 75 cents. At all druggists.

### MAKING LISBON LOOK HANDSOME

Experienced Decorator at Work—No Gambling Games To Be Tolerated.

Lisbon, June 13.—(Special)—Frank G. Silvers, of Philadelphia, who has the contract of decorating Lisbon for the centennial, arrived here from Canton yesterday with his decorative designs and a force of men whom he set to work on the job immediately. Mr. Silvers had the contract for the decorating at Chillicothe for the recent centennial and also at Canton for the grand lodge of the Knights of Pythias. Work on the decorating is being rushed night and day. One hundred dollars will be spent on the decoration of the court house.

The centennial board has decided to exclude all gambling devices from the city during the centennial, although there have been numerous applications which would have continually increased the revenue to be used in defraying expenses.

The court house officials have decided to close their offices an hour earlier during the few days of the centennial and have issued a statement to that effect.

### ASSESSING BOARD LEARNS THE LAW

Now Prepared to Go Ahead and Investigate the Pennsylvania Avenue Matter.

The assessing board appointed several weeks ago by council to assess the property benefited by the improvement of Pennsylvania avenue got together yesterday afternoon and applied to City Solicitor Davidson for instructions. He read the law pertaining to the work and made it plain to the board it is to assess only according to benefits. The members of the board are: John W. Hall, J. N. Voderoy and John Kerr.

A morning paper added another to its long list of errors by stating that the "equalization board" had received instructions by Solicitor Davidson and had started its work. There is no equalization board and none will be appointed until the assessing board has finished its work, which will likely be but a short time, as it has the report of the former board as a guide.

### DIED IN JAIL AT ALLIANCE

Ex-City Marshal of Lisbon Passes Away Under Sad Circumstances.

Alliance, June 13.—Edward Wadsworth, formerly marshal of Lisbon, but recently one of the proprietors of Wadsworth & Starr's poolroom in Alliance, died in the city lockup about 2:30 o'clock yesterday afternoon from the effects of alcoholism.

Wadsworth had been drinking heavily lately and yesterday afternoon he was at the home of D. C. Bower on South Union avenue in an intoxicated condition. The patrol was sent for and he was brought down town and locked up. Shortly after being locked up his death occurred. The exact moment of death is not known, as after being locked up he became quiet and was lying on a bench. Chief Howell noticed that the man was in a very bad condition and sent for a physician. He and Chief Austin went in to see how he was doing and found him dead. The physician had not arrived. The body was placed in the city ambulance and taken to Shaver's morgue, where it was prepared for burial. He was 46 years of age and leaves a wife and two children.

### SOCIAL EVENTS

**Class Reunion.**  
The Sunday school class taught by D. M. McLane in the West End Presbyterian chapel last evening spent a most enjoyable social evening in a class reunion. In 1895 the class was organized, and it was the endeavor of Mr. McLane to have all the present members, and also former members of the class present. As far as possible the class members were present there being about 100 persons. There was an excellent musical and literary program was rendered, followed by an address by Rev. J. S. Hamilton. Light refreshments were served, making the evening's pleasure most complete.

**Chautauqua Circle.**  
The Chautauqua circle meetings which have proven a pleasure to many interested in literary work in this city have been concluded. During the winter months, the ladies of the circle spent much time in careful literary research. In September the work will again be taken up with new zeal and interest. In the meantime an outline program for next winter's work will be made. As a fitting close to this successful year of the Chautauqua circle, the members will soon hold a picnic at Rock Springspark.

**Blount-Tinsman.**  
A very pretty wedding was solemnized at Monaca when Miss Eva Blount, daughter of Mr. and Mrs. J. W. Blount, of New Brighton, and I. Per Tinsman, of Beaver Falls, were wedded at the home of the groom's brother, W. F. Tinsman. The ceremony was performed at 3 p. m. by Rev. W. H. Fields, pastor of the Christian church of Beaver. There were no attendants. The bride is well known in East Liverpool, where she has visited frequently. The groom is in business in New Brighton.

**Entertained Her Friends.**  
Mrs. C. L. Gray entertained a company of friends yesterday afternoon.

### WALKER WILD MAN IS CERTAINLY CRAZY

Opinion of 'Squire McCarron, Who Investigated the Case—Inquest to Be Held.

'Squire McCarron reports that he pronounced the man who created wild excitement in the vicinity of Walker throughout Thursday and Thursday night hopelessly insane. As published exclusively in the News Review, the justice made a special trip down to Walker yesterday afternoon for the purpose of investigating the case. Upon his arrival he found the man to be quieted and suffering much from his many hours of exertion.

After being convinced that the man was crazy, the 'squire telephoned to the probate judge at Lisbon and the latter stated that he would send the sheriff after him some time today. He will be given a trial and then committed to the Massillon asylum.

### PETITION IN PARTITION

Follows the Decision in the Hartley Will Case—Much Property Involved.

Lisbon, June 13.—(Special)—Close upon the result of the theatrical effort of Miss Lina Hartley to set aside the will of the late Abraham Hartley, of Salineville, in which case the will was sustained by the jury, Miss Hartley as filed a petition in partition against her remaining heirs of the deceased.

The plaintiff says that as a devisee under the will of the late Abraham Hartley she is the owner of the twenty-third part of the following real estate: Lots 1 to 12 and lot 18 in Salineville; 2.7 acres in Washington township; lot 87 in McGaffick's addition to Salineville; lots 56, 57 and 58 in Williams' addition to Salineville; a live-acre tract in Salineville; lots 698 and 104 in McGaffick's addition to Salineville; 1.76 acres in Salineville and lot 6 in Salineville. Charles S. Speak is the plaintiff's attorney.

other similar game or sport tending to frighten horses, or result in bodily harm to others, or to injure property.

No person shall be allowed to dig into or remove earth or paving from any of the streets, alleys, sidewalks, public grounds, or pavements of this city, or to make any excavation in any of the public grounds, streets, alleys or pavements whatsoever, without first having obtained the written consent of the board of public service, in all cases where an excavation or removal is to be made, the party or parties asking the permission of the said board shall, before the granting of said permit, deposit with the clerk of said board a sum of money to be specified by said board, which sum shall be deposited as a guarantee of good faith. And should the party making the said excavation fail to leave the street or other public property in as good condition as it was before the excavation was made, then the board of public service shall use the money deposited, or as much thereof as may be necessary, for the purpose of repairing said street, alley or other public property, and placing it in as good condition as it was before the excavation was made. The said excavation and repairs shall be made subject to the inspection and approval of the board of public service.

No person shall tack, paste or post signs of any kind, upon a telegraph, telephone or electric poles within the city limits.
